

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

An Act to amend "An act to establish a thorough and efficient system of free public schools, and to provide for the maintenance, support and management thereof." approved October nineteenth, one thousand nine hundred and three.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey:*

PREAMBLE.

WHEREAS, In the advancement of public policy there has been established in this State a retirement fund to which public school teachers are required to contribute and which was designed to provide an annuity to any member disabled after twenty or more years of service, and the State has provided a non-contributory pension for any teacher who teaches thirty-five years; and Preamble.

WHEREAS, After two years of investigation conducted with the assistance of pension experts and actuaries employed by it, the Pension and Retirement Fund Commission created by the act of the Legislature, J. R. 11, P. L. 1917, and J. R. 3, P. L. 1918, has found that the two retirement systems conflict with each other in their operation and thereby create embarrassment in the administration of school affairs, and in many instances give double retirement benefits to the teachers, amounting on an average to more than the salary received by the teachers when in active service; and Preamble.

WHEREAS, The actuary employed by the State Teachers' Association and the actuary of the commission both report that the liabilities of the Teachers' Retirement Fund are far in excess of its present and prospective assets, which indicates that the contributions of pres- Preamble.

ent teachers are being used for the payment of annuities to teachers now retired, thereby exhausting the funds which should be kept in reserve for the benefit of present teachers, with the result that a majority of those now contributing will be unable to receive the benefits promised under the fund; and

Preamble.

WHEREAS, Inasmuch as the State of New Jersey by legislative enactment has compelled its teachers to contribute to this fund which is in an unsound financial condition, it is the duty of the Legislature to correct as far as possible the injustice and embarrassment occasioned by such conditions, which are detrimental to the welfare of the teachers and the school system; and

Preamble.

WHEREAS, It is recognized as an established State policy that the teachers of our public schools should be given protection against disability and old age and that such protection should be provided by a retirement system established on a scientific basis that will truly advance the best interests of our educational system and protect the future well being of the teachers; therefore,

252. (1) Immediately after the establishment of the retirement system, the actuary of the board of trustees shall make such investigation of the mortality service and compensation experience of the teachers of the State of New Jersey as he shall recommend, and the board of trustees shall authorize, for the purpose of determining the proper tables for the purposes of the system. On the basis of such investigation and recommendation the board of trustees shall adopt such tables and certify such rates as are required in paragraphs (a), (b), and (c) of sub-section (2) of this section. On the basis of such tables as the board of trustees shall adopt, the actuary, as soon as practicable, shall make a valuation of the assets and liabilities of the funds created by this article.

assets and
liabilities.

Periodical
investigations
by actuary.

(2) In the years nineteen hundred twenty-one and nineteen hundred and twenty-four, and once in every five-year period thereafter, the said actuary shall make an actuarial investigation into the mortality, service and compensation or salary experience of the members and beneficiaries of the retirement system, and shall make a valuation of the assets and liabilities of the various funds thereof, and upon the basis of such investigation and valuation the board of trustees shall:

Use of tables.

(a) adopt for the retirement system such mortality, service and other tables as shall be deemed necessary;

(b) certify the rates of deduction from compensation computed to be necessary to pay the annuities authorized under the provisions of this article; and

(c) certify the rates of contribution, expressed as a proportion of the compensation of members at various ages, which shall be made to the pension accumulation fund.

FUNDS CREATED, CONTRIBUTIONS THERETO AND PAYMENTS THEREFROM.

253. (1) The funds created are: (a) the annuity savings fund; (b) the annuity reserve fund; (c) the pension fund; (d) the pension accumulation fund; (e) the pension reserve fund; (f) the expense fund.

Annuity savings fund.

(3) Upon the basis of such tables as the board of trustees shall adopt, and regular interest, the actuary of the board of trustees shall determine for each contributor the proportion of compensation, which when deducted from each payment of his prospective earnable compensation prior to his eligibility for service retirement and accumulated at regular interest until his attainment of the age of sixty-two (62) shall be computed to be sufficient to provide at that time an annuity equal to the pension then allowable under the provisions of this article for service rendered during his membership, and in case the said member is a new-entrant for such prior service as he both claimed and was allowed. The proportion of compensation shall be computed to remain constant until the member attains the age of sixty-two (62) years. The proportion computed for a contributor entering at the age of sixty-one (61) shall be applied to any contributor who has attained a greater age at the time of entrance into the retirement system.

Amount contributable.

(4) The board of trustees shall certify to each employer and the said employer shall deduct from the compensation of each member on each and every payroll for each and every payroll period subsequent to the date upon which such certification becomes effective, the per centum of his earnable compensation so computed. But the board of trustees shall not certify, nor shall any employer make, any deduction for annuity purposes from the compensation of a member who has attained the age of sixty-two (62) and completed thirty-five (35) years of service, if such member elects not to contribute.

Amount to be deducted from teacher's compensation.

Amount earn-
able in pay-
roll period.

(5) In determining the amount earnable by a contributor in a payroll period, the board of trustees may consider the rate of compensation payable to such member on the first day of the payroll period as continuing throughout such payroll period, and it may omit deductions from compensation for any period less than full payroll period if a teacher was not a contributor on the first day of the payroll period, and to facilitate the making of deductions it may modify the deduction required of any contributor by such an amount as shall not exceed one-tenth of one per centum of the compensation upon the basis of which said deduction is to be made.

Deposit in
single pay-
ment.

(6) In lieu of any part of the deduction from compensation hereinbefore required, any new-entrant may deposit in the annuity savings fund by a single payment such an amount as will be sufficient to permit him to contribute the rate of contributions applicable to an earlier entrance age. In addition to the deductions from compensation hereinbefore required any contributor may redeposit in a single payment an amount equal to the total amount which he withdrew therefrom as provided in this article, or he may deposit therein by a single payment an amount computed to be sufficient together with the retirement allowance otherwise provided, to provide for him a total retirement allowance of one-half of his final salary at the age of sixty-two (62). Such additional amounts so deposited shall become a part of his accumulated deductions.

Accumulated
deductions
paid from
annuity sav-
ings fund.

(7) The accumulated deductions of a contributor withdrawn, as provided in this article, shall be paid out of the annuity savings fund. In the case of a withdrawal, an amount equivalent to the difference between the amount of the accumulated deductions calculated at regular interest and the amount of the accumulated deductions calculated by use of interest at the rate of three and one-half per centum per annum compounded annually shall be transferred to the expense fund.

Source of
pension fund.

(10) The actuary, after making the first valuation required, shall determine the present value of the liability on account of pensions to present-entrants then retired or to be retired. He shall then determine the percentage of the total compensation paid to all members for service during the preceding school year, which is equivalent to one-twenty-fifth of the said liability.

Actuary to
determine
liability.

(11) The State Comptroller shall pay annually, beginning with the year nineteen hundred and twenty, from the school apportionment fund into the pension fund the amount as certified to him by the board of trustees, which shall be equal to the per centum, determined in accordance with this subsection and the subsection immediately preceding, of the total compensation paid to all members for service during the preceding school year.

Annual pay-
ment by State.

Each annual payment shall be at least three per centum greater than the preceding annual payment. In every case, the amount shall be sufficient, when combined with that in the fund to provide the pensions payable out of this fund during the year then current, and shall be equal to at least one-twenty-fifth of the liability on account of present-entrants now retired or to be retired. The State Comptroller shall continue such payments until the accumulated reserve in the pension fund equals the present value, as computed by the actuary and approved by the board of trustees, of all pension payments thereafter payable on account of present-entrants, then retired or to be retired on a pension as provided in this article.

The amount for each teacher included in the aggregate amount so certified shall be computed to bear a ratio to the salary earnable by such teacher during the period for which the amount is certified, which shall remain constant during his entire period of prospective active service and shall be based on such mortality and other tables as shall be adopted by the board of trustees and on regular interest.

above defined, the provisions of paragraphs thirteen, fourteen and eleven (a) shall apply, until such time as the employee is able to resume some kind of work with the aid of a truss or other mechanical appliance. If the employee refuses to permit of an operation, the employer shall meet the requirements above specified, pay the reasonable costs of the truss or other appliance found necessary, and also pay compensation for twenty weeks, following which his obligation shall cease and terminate, unless death results from the hernia, in which case the provisions of paragraph twelve shall apply. However, if the employee shall elect to undergo an operation, by a physician selected by the employer, the employer shall meet all the expense incident to such operation and recovery, not in excess of one hundred and fifty dollars, together with compensation as provided in paragraph eleven (a) during the periods of disability prior to and following the operation, subject to the provisions of paragraph thirteen. If the employee refuses the services of the physician selected by the employer, preferring one of his own selection, the employer shall be relieved of obligations concerning medical expense due to the operation and recovery, but shall pay compensation during the prior and resulting periods of disability. If death results from the hernia or operation, the provisions of paragraph twelve shall apply.

(y) The weekly compensation payments specified in paragraph eleven, are all subject to the same limitations as to maximum and minimum as are stated in clause (a) hereof.

As to weekly compensation.

(z) In case of the death of a person from any cause other than the accident, during the period of payments for permanent injury, the remaining payments shall be paid to such of his or her dependents as are included in the provisions of paragraph twelve of this act, or, if no dependents, the remaining amount due, but not exceeding one hundred dollars, shall be paid in a lump sum to the proper person for funeral expenses.

Payments when death results from other causes.

2. Paragraph twelve of the said act is hereby amended to read as follows:

Section 12 amended.

Proviso.

Legally adopted children shall, in every particular, be considered as natural children; *provided, however*, that dependency shall be conclusively presumed as to (a) the decedent's widow and natural children under eighteen years of age who were actually a part of the decedent's household at the time of his death. Every provision of this act applying to one class shall be equally applicable to the other. Should any dependent of a deceased employee die during the period covered by such weekly payments, or should the widow of a deceased employee remarry during such period, the right of such dependent or of such widow to compensation under this section shall cease. *It is further provided*, that the foregoing schedule applies only to persons wholly dependent, and that in the case of persons only partially dependent, except in the case of the widow and children, who were actually a part of the decedent's household at the time of his death, the compensation shall be such proportion of the scheduled percentage as the amounts actually contributed to them by the deceased for their support constituted of his total wages, and the provision as to a six-dollar minimum shall not apply to such compensation.

Application
of provisions.

Proviso.

In determining the number of dependents, where the deceased employee was a minor, the number of persons dependent upon said deceased employee shall be determined in the same way as if said deceased employee were an adult, notwithstanding any rule of law as to the person entitled to a minor's wages.

Dependents
of minors.

(h) Compensation shall be computed upon the foregoing basis. Distribution shall be made among dependents, if more than one, according to the order of the Workmen's Compensation Bureau, which shall, when applied to for that purpose, determine, upon the facts being presented to it, the proportion to be paid to or on behalf of each dependent according to the relative dependency. Payment on behalf of infants shall be made to the surviving parent, if any, or to the statutory or testamentary guardian.

Distribution.

(i) If death results from the accident, whether there be dependents or not, expenses of last sickness, not exceeding two hundred dollars. Also the cost of burial, not to exceed one hundred dollars.

Sickness and
burial ex-
penses.

(j) In computing compensation to those named in this paragraph, except in the case of husband, wife, parents and stepparents, only those under eighteen, or over forty years of age, shall be included, and then only for that period in which they are under eighteen or over forty; *provided, however*, that payments to such physically or mentally deficient persons as are, for such reason, dependent, shall be made during the full term of compensation payment.

Under 18,
over 40 years.

Proviso.

(k) The compensation in case of death shall be subject to a maximum compensation of twelve dollars per week and a minimum of six dollars per week; *provided*, that if at the time of the injury, the employee receives wages of less than six dollars per week, then the compensation shall be the full amount of such wages per week. This compensation shall be paid during three hundred weeks.

13. No compensation other than medical aid shall accrue and be payable until the employee has been disabled ten days, whether the days of disability immediately follow the accident, or whether they be consecutive or not. These days shall be termed the waiting period. The day that the employee is unable to continue at work by reason of his accident, whether it be the day of the accident or later, shall count as one whole day of the waiting period.

Section 14
amended.

4. Paragraph fourteen of the said act is hereby amended to read as follows:

Medical and
hospital serv-
ices first four
weeks.

14. On the day of the accident, and during the next following twenty-seven consecutive days, the employer shall furnish reasonable medical and hospital services and medicines as and when needed not to exceed fifty dollars in value, unless the employee refuses to allow them to be furnished by the employer; *provided, however*, that in severe cases requiring unusual medical or surgical treatment or calling for artificial limb or other mechanical appliances, the employee or his representative shall be authorized to present a petition to the Workmen's Compensation Bureau, and the Commissioner, deputy commissioner or referee thereof is hereby empowered, when warranted by the evidence produced, to order additional services, artificial limbs or other appliances not to exceed in total the sum of two hundred dollars, or to extend over a period not to exceed in total seventeen weeks. This paragraph shall apply only to non-fatal cases.

Proviso.

Section 14 (a)
amended.

5. Paragraph fourteen (a) of said act is hereby amended to read as follows:

consecutive,
not concu-
rent.

14. (a) Compensation for all classes of injuries shall run consecutively, and not concurrently, except as provided in paragraph fourteen, as follows: First four weeks, medical and hospital services and medicines as provided in paragraph fourteen. After the waiting period, compensation during temporary disability. Following both, either or none of the above, compensation consecutively for each permanent injury. Following any or all or none of the above, if death results from the accident, expenses of last sickness and burial. Following which compensation to dependents, if any. In no

case shall the total number of weekly payments be more than four hundred.

6. Paragraph nineteen of the said act is hereby amended to read as follows: Section 19 amended.

19. In case of death compensation payments may be made directly to dependents of full age and on behalf of infants to the surviving parent, if any, or to the statutory or testamentary guardian of any such infant; or the Workmen's Compensation Bureau, on application or when a petition has been filed, may order such payments to be made to the administrator or executor of the decedent, or to such person as would be appointed administrator of the estate of the decedent, and may, if compensation is to be paid weekly, require, in the discretion of the bureau, the filing with the bureau of a bond, with satisfactory surety, to the dependents, for not more than one hundred dollars, for the proper application of the compensation payments. If a commutation of the award is ordered and it is impracticable to make distribution of the commuted sum among the persons entitled thereto, then the bureau, on making such commutation, shall require a bond, with such sureties and in such amount as will, in the judgment of the bureau, fully secure the persons severally entitled to portions of such commuted sum. Payments in case of death.

7. Insert a clause in the said act to be number 20 (e), to read as follows: Clause 20 (e).

20. (e) Whenever it shall appear that an employer is being prejudiced by virtue of the refusal of an injured employee to accept proffered medical and surgical treatment deemed necessary by the physician selected by the employer, or his failure or neglect to comply with the instructions of the physician in charge of the case, such employer is hereby authorized to file a petition with the Workmen's Compensation Bureau, which is hereby empowered to order proper medical and surgical treatment at the expense of the employer, and in event of refusal or neglect by the employee to comply with this order the Bureau shall make such modification in the award contained in the schedule as the evidence produced shall justify. As to proper medical and surgical treatment.

Section 21
amended.

8. Paragraph twenty-one of the said act is hereby amended to read as follows:

Amount may
be commuted.

21. (b) The compensation hereby provided may be commuted by said Workmen's Compensation Bureau at its present value, when discounted at five per centum simple interest, upon application of either party, with due notice to the other, if it appears that such commutation will be for the best interest of the employee or the dependents of the deceased employee, or that it will avoid undue expense or undue hardship to either party, or that such employee or dependent has removed or is about to remove from the United States, or that the employer has sold or otherwise disposed of the greater part of his business or assets.

Approval
necessary.

(c) Unless so approved, no compensation payments shall be commuted.

Intention of
act.

(d) In determining whether the commutation asked for will be for the best interest of the employee or the dependents of the deceased employee, or that it will avoid undue expense or undue hardship to either party, the Workmen's Compensation Bureau or the judge of the Court of Common Pleas will constantly bear in mind that it is the intention of this act that compensation payments are in lieu of wages, and are to be received by the injured employee or his dependents in the same manner in which wages are ordinarily paid. Therefore, commutation is a departure from the normal method of payment, and is to be allowed only when it clearly appears that some unusual circumstances warrant such a departure. Commutation shall not be allowed for the purpose of enabling the injured employee or the dependents of a deceased employee to satisfy a debt, or to make payment to physicians, lawyers or any other persons.

Object of
commutation.

Counsel fees
fixed.

(e) When any proceedings have been taken under the provisions of paragraph twenty or paragraph twenty-one of this act, the Workmen's Compensation Bureau or the judge of the Court of Common Pleas shall, as a part of its or his determination and order, either for payment or for commutation of payment, settle and determine the amount of compensation to be paid by the injured employee or his dependents, on be-

half of whom such proceedings are instituted, to his legal adviser or advisers, and it shall be unlawful for any lawyer, or other person acting in that behalf, to ask for, contract for or receive any larger sum than the amount so fixed; and in the order determining weekly payments where no commutation is made, the bureau or the said judge shall also determine the amount to be paid per week from the compensation payment on account of the legal fee thus awarded, and it shall be unlawful for the legal adviser, or other person acting in that behalf, to ask for, contract for or receive a larger sum per week than the allowance thus determined.

(f) An agreement or award of compensation may be modified at any time by a subsequent agreement, or reviewed upon the application of either party on the ground that the incapacity of the injured employee has subsequently increased or diminished. In such case the provisions of paragraph seventeen with reference to medical examination shall apply.

Agreement
or award may
be modified.

(g) Whenever lawful compensation shall have been withheld from an injured employee or dependents for a term of three months or more, simple interest on each weekly payment at five per centum per annum for the period of delay of each payment may, at the discretion of the bureau, be added to the amount due at the time of settlement.

Interest on
delayed
payments.

9. Paragraph twenty-three is hereby amended to read as follows:

Section 23

casual employments, which shall be defined, if in connection with the employer's business, as employment the occasion for which arises by chance or is purely accidental; or if not in connection with any business of the employer, as employment not regular, periodic or recurring.

As to amputations.

(d) Amputation between the elbow and the wrist shall be considered as the equivalent of the loss of a hand, and amputation at the elbow shall be considered equivalent to the loss of the arm. Amputation between the knee and the ankle shall be considered as the equivalent of the loss of a foot, and amputation at the knee shall be considered equivalent to the loss of the leg.

As to agreements, etc.

(e) No agreement, composition, or release of damages made before the happening of any accident, except the agreement defined in section two of this act, shall be valid or shall bar a claim for damages for the injury resulting therefrom, and any such agreement, other than that defined in section two herein, is declared to be against the public policy of this State. The receipt of benefits from any association, society, or fund to which the employee shall have been a contributor shall not bar the recovery of damages by action at law or the recovery of compensation under section two thereof.

Liability in case of third party.

(f) Where a third person or corporation is liable to the employee or his dependents for an injury or death, the existence of a right of compensation from the employer under this statute shall not operate as a bar to the action of the employee or his dependents, nor be regarded as establishing a measure of damage therein. However, in event that the employee or his dependents shall recover from the said third person or corporation, a sum equivalent to or greater than the total compensation payments for which the employer is liable under this statute, the employer shall be released thereby from the obligation of compensation. If, however, the sum so recovered from the third person or corporation is less than the total of compensation payments, the employer shall be liable only for the difference. The obligation of the employer under this statute to make compensation shall continue until the payment, if any, by such third person or corporation is made. Such

employer shall file with the third person or corporation so liable, at any time prior to payment, a statement of the compensation agreement or award between himself and his employee, or the dependents of the employee, and the employer shall thereafter be entitled to receive from such third person or corporation, upon the payment of any amount in release or in judgment by the third person or corporation on account of his or its liability to the injured employee or his dependents, a sum equivalent to the amount of compensation payments which the employer has theretofore paid to the injured employee or his dependents, which payments shall be deducted by the third person or corporation from the sum paid in release or judgment to the injured employee or his dependents.

(g) Wherever in section two of this act the term "wages" is used it shall be construed to mean the money rate at which the service rendered is recompensed under the contract of hiring in force at the time of the accident, and shall not include gratuities received from the employer or others. Board and lodging when furnished by the employer as part of the wages shall be included and valued at five dollars per week, unless the money value of such advantages shall have been otherwise fixed by the parties at the time of hiring. Where prior to the accident, the rate of wages is fixed by the output of the employee, the daily wage shall be calculated by dividing the number of days the workman was actually employed into the total amount the employee earned during the preceding six months, or so much thereof as shall refer to employment by the same employer. Where the rate of wages is fixed by the hour, the daily wage shall be found by multiplying the hourly rate by the customary number of working hours constituting an ordinary day in the character of the work involved. In any case the weekly wage shall be found by multiplying the daily wage by five and one-half, or if the employee worked a greater proportion of the week regularly, then by six, six and one-half or seven, according to the customary number of working days constituting an ordinary week in the character of work involved.

An Act respecting the construction of sewers in cities
of this State.

WHEREAS, In the construction of short sections of
sewers of small sizes in cities in this State, partic-
ularly where such sewers are needed in advance of
the paving of streets, and where said sewers are
constructed for the purpose of abutting property
owners, and where the entire cost of doing the work
may be less than one thousand dollars, the method
of procedure now required by law in connection with
the advertising of notice of intention, ordinance, and
the incidental expenses connected with the making of
assessments, now constitute a very large portion of
the cost, and in some instances these incidental ex-
penses for advertising, et cetera, have exceeded the
actual cost of the construction of the sewers them-
selves, and thereby entail on the property greater
assessments than the importance of the work war-
rants;

Preamble.

BE IT ENACTED by the Senate and General Assembly
of the State of New Jersey:

1. In cities of this State where the estimated cost of
constructing a sewer where the same is constructed for
the use of abutting property only, is less than one
thousand dollars, which estimate shall be submitted to
the board or body having charge of the construction of
sewers in any city of this State by the engineer in
charge of such work, such estimate having been pre-
pared on the basis of the best information obtainable
as to the probable cost of such sewer, such board or body
is hereby authorized to pass a resolution signifying its
intention to construct any such sewer with its lateral
connections to the curb lines, without being required to

2. The expense of the construction of any such sewer may, in the first instance, be paid out of the current funds of such board available for the sewer work of said board, or the board or body having charge of the finances in any such city may provide funds for the doing of such work upon the request of the board or body having charge of the construction of sewers in any such city.

3. Upon the completion of the construction of such sewer the cost and expense thereof shall be determined by the city surveyor, and the benefits, not exceeding the costs, shall be charged and assessed against the property abutting on the portion of the street or highway through which such sewer has been constructed, after a notice shall have been mailed to the aforesaid abutting property owners of record fixing a time and place at which objections to such assessments will be heard, as hereinbefore provided in section one of this act, for

notice of intention; and thereupon a statement of such determined and assessed cost and expense, when so made by the said city surveyor shall be filed by him with the officer of such city charged with the duty of collecting assessments for benefits in such city, and shall be and remain a lien on the property so assessed from the time of the filing thereof until paid, and shall be collectible as assessments for benefits are or may be collectible by the charter and laws governing such city, and if not paid within forty days from and after the said statement of costs is filed as aforesaid, interest shall be charged and collectible thereon at the same rate at which interest is or may be chargeable and collectible on assessments for benefits in such city.

CHAPTER 169.

An Act to relieve cities of the fourth class of this State from the loss consequent upon the cessation or abandonment of the operation of any street railway heretofore operated therein.

Preamble.

WHEREAS, Owing to the high cost of labor and material occasioned by the war it has been impossible for certain street railways operated within cities of the fourth class of this State charging reasonable rates to earn sufficient money to pay for such operation and properly maintain the same, and there is danger of the abandonment and cessation of the operation of some of such street railways because of this fact, which would greatly damage and injure, if not tend to destroy such cities of the fourth class, and greatly

lessen the value of the property therein and work lasting injury to them and the State; therefore

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. Whenever and wherever the owner or owners of any street railway which has heretofore been operated in any city of the fourth class in this State shall abandon the operation thereof, or having ceased such operation shall neglect or refuse to operate the same after having been requested so to do by a resolution of the governing body of such city, then such city may make application to the Chancellor by its petition setting forth the facts, and praying for the appointment of a trustee or trustees, receiver or receivers, to operate the same under the Chancellor's orders.

Application to Chancellor for power to operate street railway abandoned.

2. Upon such petition being presented, the Chancellor is hereby authorized to appoint a trustee or trustees, receiver or receivers, with full power to carry on and operate such street railway, under such terms, conditions, limitations and restrictions as the Chancellor may impose; no such operation, however, shall be construed to permit the making of any lien or incumbrance upon the street railway property, or any claim, debt or obligation against the owner or owners thereof.

Appointment of trustees or receivers.

3. The Chancellor, upon making such appointment, may require such city so making petition as aforesaid, to pay and advance to such trustee or trustees, receiver or receivers, such sum or sums of money as will enable him or them to begin the operation of such street railway, and give its bonds in such sum as the Chancellor may require, conditioned for the payment to such trustee or trustees, receiver or receivers, at such time and under such circumstances as the Chancellor shall prescribe, of such sum or sums of money as may be needed to pay the deficit in the cost of the operation of the said street railway over the receipts thereof and therefrom from time to time, which bond such city is hereby authorized to make, independent of any present limitation as to the giving of bonds, or in lieu of the giving of such bond may require the continued advance of such

5. The moneys required for the operation of such street railway as herein provided for may be raised by such cities as for an emergency, and for that purpose they may borrow money on their promissory notes for the same; *provided*, that such notes or any of them, if unpaid, shall be paid out of taxes raised in the next year tax levy.

An Act to amend an act entitled "An act concerning municipal and county finances, approved March twenty-eighth, one thousand nine hundred and seventeen," as amended by an act approved March fourth, one thousand nine hundred and eighteen.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. Section twelve of the act to which this act is an amendment is hereby amended to read as follows:

Section 12
amended.

12. For the purpose of uniform accounting and budget control:

Specific
purposes.

(a) The purpose of the budget as set forth in this act is to control all expenditures for current purposes for the year under budget appropriations (excepting those authorized under section twenty-one for which interest deficiency notes may be issued and under section twenty-five for emergencies for which appropriation is not made in the budget and excepting appropriations for such purposes, not current purposes, for which notes, bonds or other obligations may be issued). The revenues to support budget appropriations for the year are those included under the heading "Anticipated Revenues" in the budget or tax ordinance (or resolution).

Control of
expenditures.

The term budget appropriations shall mean the appropriations made in the budget or tax ordinance (or resolution).

Budget appro-
priations;

(b) All revenues dedicated by any statute to any specific purpose, or revenues received by any institution or department of the government as fees, rentals or

Miscellaneous
revenues
scheduled;

charges which are not controlled under subsection (e) of this section, shall hereafter be scheduled under "Miscellaneous Revenues" in the budget, and when received shall be placed in the general treasury, and shall be applicable to any lawful purpose of expenditure under budget appropriations, excepting revenue dedicated to pension funds; *provided, however*, that this shall in no way affect the operation of "An act to amend an act entitled 'An act to amend an act entitled "An act respecting the fees of surrogates, register of deeds and mortgages, county clerks and sheriffs in certain counties of this State, and providing salaries for such officers," approved March thirtieth, one thousand nine hundred and six,' approved March twenty-ninth, nineteen hundred and sixteen," which act was approved March twenty-ninth, nineteen hundred and seventeen.

Proviso.

Sources of revenue;

(c) There shall be included in every budget in connection with the statement of anticipated revenues the sources of revenues which are required by law to be applied to any specific purpose, and which are not released by the provisions of subsection (b) of this section; to identify the dedication of such revenues a brief statement as to the purpose to which such revenues are dedicated shall be made, and in connection with the appropriation to which such revenues are dedicated, a like statement shall be made as to the source from which such revenues are obtained.

Purposes to be used;

Reducing sinking fund;

(d) In case the anticipated earnings or the principal of any surplus of the sinking fund is to be used to reduce the annual sinking fund requirements, the full amount of such annual requirements shall be stated in connection with the list of appropriations, and the amount of the surplus of the sinking fund to be used shall also be stated, and only the amount to be raised in the budget shall be extended as the appropriation for sinking fund purposes.

Municipal utilities;

(e) All moneys received as fees, rentals or charges for service rendered by any municipal enterprise or utility shall be kept in a separate account, and the operating and upkeep costs, as well as the interest and principal payments upon the indebtedness incurred for the creation of such enterprise or utility, shall be

charged to such account. If as the result of the operation of such enterprise or utility under the system of accounting thus directed there shall prove to be a surplus, or such surplus can be reasonably anticipated, then such surplus, when authorized by the board or body controlling the same, may be included under the anticipated revenues for the year as an item of miscellaneous revenue, under the caption of "Surplus from (name of enterprise or utility) Account." If in the operation of such enterprise or utility, under the system of accounting herein directed, there shall be a deficit or an anticipated deficit, then an amount representing such deficit shall be included in the budget appropriations for the year, under the caption of "Deficit in (name of enterprise or utility) Account." If, however, such deficit shall prove to be in excess of the amount so anticipated, then in such case the amount of the excess shall be included in the budget or tax levy of the following year. This provision shall not supersede the direction of accounting or the specific dedication of the receipts from an enterprise or utility as provided in any law which authorized the establishment or creation of such enterprise or utility, unless so directed by the board or body controlling the same.

As to surplus;

If deficit;

(f) That in connection with the certificates to be forwarded by the commissioner of municipal accounts to the governing body of any municipality or county, or the board of education of any school district, setting forth the sinking fund requirements for the fiscal year, there shall also be included a requirement for appropriation on account of bonds falling due within such year, payment for which should be included in the budget appropriations for the year, which requirement shall be mandatory upon the municipality, county or school district, as the case may be, and shall be included in the appropriations for the year.

Appropriation to meet maturing bonds;

(g) Wherein the provisions of any charter or law require a board or commission having charge of any special department of work to certify the amount of the annual requirements for the support of such work to the assessor of any taxing district, such board or commission shall also certify such requirements for the

Annual requirements;

ensuing fiscal year to the governing body of the municipality or county on or before the thirtieth day previous to the close of the fiscal year, and the amount as certified shall be included in the budget for the year. This provision shall in nowise relieve the assessor or assessors from their duty of determining that such appropriation has been provided for in the budget, and in case it has not been included in the budget of the municipality or county, as the case may be, the assessor shall include same in the certificate of funds to be raised by taxation to the county board of taxation, as required by law.

Poll, dog, and franchise tax under miscellaneous revenues;

Bank stock;

(h) The anticipated receipts from poll tax, dog tax, gross receipts tax and franchise tax shall be scheduled under miscellaneous revenues in the budget, and shall be treated and controlled as set forth in this act. The bank stock tax shall not be included under the schedule of anticipated revenues, as this tax is, by direction of law, deducted by the county board of taxation from the amount of moneys to be raised by taxes as certified to the county board of taxation.

Receipt of motor vehicle moneys;

State-aid road repairs;

If excess moneys;

(i) When any municipality or county has been allotted a percentage of motor vehicle moneys, the governing body of such municipality or county receiving such allotment shall include an amount to be estimated by them, which will accrue to such municipality or county as a result of such allotment, as anticipated revenues in its budget under the head of miscellaneous revenues, but such estimated amount shall not be in excess of the amount that would have resulted from such percentage allotment if figured upon the moneys applicable for road repairs in the State arising from motor vehicle receipts in the previous year as an appropriation under the head of "State-aid road repairs." Should the moneys finally received from such allotment be in excess of the amount anticipated as stated in the budget, or should a supplemental allotment be granted from such motor vehicle fund, then the amount of such excess and the amount of such supplemental allotment shall, notwithstanding the restriction of this act, become immediately available for the purposes for which such moneys were allotted.

(j) Wherein the county board of taxation shall, in determining the rate for any municipality, authorize a levy of taxes of an amount greater than that certified by the governing body as "the amount to be raised by taxes," such excess shall not be available for expenditures, but shall be set aside, and at the end of the year shall be used to offset the abatements of taxes, and any balance remaining shall be transferred to the surplus revenue account.

Raised excess
tax set aside.

2. Section twenty-two of the act to which this act is an amendment is hereby amended to read as follows:

Duties of inspector.

7. It shall be the duty of the inspector to visit, at least once in every three months, every mine in this State, employing twenty-five or more men underground, and every other working mine employing six or more men, at least twice each year, and oftener, if in his opinion the safety of the men employed in the mine so requires; and to inspect, investigate, inquire and examine into the operation, workings, timbering, safety appliances, machinery, sanitation, ventilation, means of ingress and egress, means taken to protect the lives and insure the safety of the miners, together with the cause of accidents and accidental deaths therein, and in general to inspect, ascertain what means are taken to comply with the provisions of this act. For the purpose of making such inspection, and ascertaining facts in connection with such investigation, examination and inquiry the inspector shall have full power and authority upon exhibition of his certificate of appointment, at all hours, to enter and examine any part of a mine, and to visit, investigate and examine any plant or equipment connected therewith within this State of any part of the workings thereof. All operators and their employees shall render to the inspector such assistance as may be necessary to enable the inspector to make such examination.

Right to enter mines to make inspections.

Assistance provided.

8. If upon examination or inspection it shall appear to the inspector of mines that a mine or part thereof is, from any cause, in a dangerous condition, or fails to comply with the provisions of this chapter, he shall at once notify the operator or his agent in charge thereof, such notice to be in writing and to be served by copy upon the operator, or his agent in charge. Said notice shall state in detail in what particular said mine or part thereof is deemed dangerous, insecure or not in compliance with the provisions of this act, and shall state what necessary changes should be made to provide safety for employees, or other compliances to be made, and provide reasonable specified time within which to make same; and the operator of said mine shall forthwith make such change or compliance in accordance with said inspector's requirements.

If mine deemed dangerous, operator directed to make necessary changes.

In case of any civil or criminal procedure at law against the parties so notified, on account of loss of life or bodily injuries sustained by an employee, subsequent to such notice, and in consequence of such dangerous condition, a certified copy of the notice served by the inspector shall be prima facie evidence of the negligence of such party or parties.

Copy of notice in evidence.

If it appears from a re-examination of the mine by the inspector that such changes or compliances have not been made within the time specified in such notice, and that the mine or part of such mine is still in condition dangerous to life or health, and in the opinion of the inspector it is necessary for the life or health of the employees in such mine or a part of the mine that the same be vacated, it shall be the duty of the inspector forthwith to order the cessation of the operation and working of said mine or part of mine, and to order that the employees shall not be permitted therein for the purposes other than to remedy the defects complained of, until the provisions of this act are complied with to the satisfaction of the inspector, and the said mine or part of the mine made safe for the employees therein. The operator of said mine shall forthwith obey said order.

If conditions continue notice to cease operation.

On complaint,
examination
made.

9. Whenever the inspector receives a complaint in writing signed by two or more persons employed in a mine, setting forth that the mine or part thereof in which he or they are working is being operated contrary to law, or is dangerous in any respect to the health or lives of those employed therein, the chief inspector must examine such mine as soon as possible. The names of the persons making such complaint shall be kept secret, unless permission to disclose them be expressly granted by the persons making the complaint. Such complaint shall in all cases set forth the nature of the danger existing at the mine, and the time when such danger was first observed. If, after such inspection, the inspector finds the conditions, in his opinion, dangerous to the health or lives of those employed therein, he shall serve a notice, setting forth fully the facts, upon the operator or any person having charge of such mine, and shall order the operator of said mine or mines to remove such dangerous or harmful conditions, and the operator of said mine shall obey said order.

It shall be the duty of the inspector to forward every such original complaint so received to the office of the Bureau of Mines, where it shall be indexed and filed among the official papers of the bureau.

Accidents
and deaths
in mines
reported.

10. Whenever loss of life or serious accident shall occur in any mine within this State, the owner, agent, manager or operator having charge or operating such mine, shall give notice immediately in the quickest possible manner, and report the facts thereof in writing to the office of the Bureau of Mines. The refusal or failure of said owner, agent, manager or operator to so report shall be deemed a misdemeanor. The inspector upon receipt of notice of such accident, shall investigate the same and make, or cause to be made, a report which shall be filed in his office for future reference. In case of the loss of life, said inspector shall appear at the coroner's inquest held respecting such accident, and may examine or cross-examine witnesses relative to the same, for the purpose of ascertaining the cause of such accident and for his information in filing a report concerning the same. If, after making such investigation, the inspector considers the facts warrant it, it shall be

his duty to cause a copy of the report of such accident, or a copy of the testimony taken at the coroner's inquest, together with the verdict of the coroner's jury, and all papers in his hands relating thereto, to be forwarded to the prosecuting officer of the county in which the accident or loss of life occurred, together with an accompanying statement, showing in what particular or particulars he believes the law to have been violated, and if upon the receipt thereof, the prosecuting officer of the said county deems the facts sufficient to make a prima facie case of criminal action against any person or persons, he shall present such evidence to the grand jury, or take such steps for the criminal prosecution of such operator, employees or persons as may seem advisable.

11. If any corporation, firm, person or persons, owning or operating a mine, coming under the provisions of this act, shall violate any of the provisions of this act he shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not less than one hundred dollars, and not to exceed five hundred dollars, or imprisonment in the county jail, not to exceed one year, or both such fine or imprisonment.

Penalty for
violations
by operators.

12. All penalties for violation of any of the provisions of this act shall be sued for and recovered by the Commissioner of Labor of the State of New Jersey for the use of said State in the same way and manner as penalties incurred by violation of an act entitled "An act regulating the age, employment, safety, health and work hours of persons, employees and operatives in newspaper plants, printeries, factories, workshops, mills, commercial laundries, and all places where printing or the manufacture of goods of any kind is carried on, and in mines and quarries, and to establish a department for the enforcement thereof," approved March twenty-fourth, one thousand nine hundred and four.

Recovery of
penalties.

13. It shall be the duty of the inspector, after every inspection made of any mine or part of any mine, as provided in this act, to enter forthwith, in a book to be kept at the mine, and designated as the "Record of

Such "Record of Inspection" shall be open at all reasonable times to the examination of the chief inspector or deputy inspectors, and to the examination of any operator or person following the occupation of mining.

port by Com-
missioner of
Labor.

What report
to contain.

14. It shall be the duty of the Commissioner of Labor to file with the Governor an annual report to be embodied in the annual report of the Commissioner of Labor, giving a statistical summary and report of the work of the Bureau of Mines during the year ending June thirtieth. Such report shall contain a statement showing the men employed in each mine in the State, and separately, the number of men employed above ground and underground, the number and nature of fatal and serious accidents occurring in each mine, the number of inspections made, complaints filed, inquests attended, mines or mine workings ordered to be vacated, violations found, and other information of law deemed important and relevant by the inspector of mines, together with such recommendations as, in the judgment of the inspector or the Commissioner of Labor, are necessary or desirable to the carrying out of this act and to insure the safety of the workmen employed in mines.

Stretcher, etc.,
and first-aid
remedies kept.

15. It shall be the duty of the mine operator, superintendent, or any one in charge of a mine, where ten or more men are employed, to keep at the mouth of the tunnel, shaft, or stope, or at such other place about the mine as may be designated by the chief inspector, a stretcher and a woolen and waterproof blanket, in good condition, for use in carrying any person who may be injured at the mine. Where more than fifty persons are employed, two or more stretchers with woolen and waterproof blankets shall be kept, and in all mines, a supply of first aid remedies shall be kept readily acces-

sible for the treatment of anyone injured; *provided*, that in all mines where one hundred or more men are employed, a first-aid corps must be organized, consisting of the foreman or foremen, shift bosses, time-keepers, and other employees designated by the operator or superintendent of the mine to cause the organization of such; and to procure the services of a competent surgeon and physician to instruct the members of such first-aid corps from time to time, not less than once in each calendar month, in the proper handling and treatment of injured persons before the arrival of a physician.

Instruction.

16. When considered necessary by the inspector, and so ordered by him, the operator of every mine employing five or more men underground shall make and maintain, or cause to be made and maintained, a reasonably accurate map of the workings of such mine. At least once in every six months, or oftener if necessary, the operator or engineer of such mine shall cause to be shown, with reasonable accuracy on the map of said mine, all the excavations made therein during the time elapsed since such excavations were last shown on said map, and all parts of said mine which were worked and abandoned during said elapsed period of time shall be clearly indicated on said map, and all underground workings shall be surveyed and mapped before they are allowed to become inaccessible. Such maps shall at all times be open to examination of the inspector of mines.

17. (a) All explosives must be stored in a magazine provided for that purpose alone; said magazine to be placed far enough from the working shaft, tunnel or incline to insure the same remaining intact in the event the entire stock of explosives in said magazine be exploded; no powder or other explosives shall be stored in underground workings where men are employed; all explosives in excess of the amount required for twenty-four hours' work must be kept in said magazine; *and provided*, that such temporary supply shall not be kept at any place within such mine where its accidental discharge would cut off the escape of miners working therein. Each mine or operator shall provide a suitable

device for thawing or warming powder and keeping same in condition for use, and no powder shall be thawed except in such device; oils or other combustible substances or blasting caps shall not be kept or stored in the same magazine with explosives.

Regulation
of general
supply stores.

(b) The inspector of mines shall have authority to regulate and limit the amount of blasting or nitro powder or other high explosives, stored or kept in general supply stores, in mining camps or mining towns, where there is no law governing the storage of same.

Metal tamping
bars
not allowed
in charging
hole.

(c) No person shall, whether working for himself or in the employ of any person, firm or corporation, while loading or charging a hole with any blasting powder or other high explosives, use or employ any steel or iron tamping bar; nor shall any mine manager, superintendent, foreman, shift-boss or other person having the management or direction of mine labor, allow or permit the use of such steel, iron or metal tamping bar by employees under his management or direction.

Warnings
of blasting.

(d) Before firing charges, warning must be given in every direction from which access may be had to the place where blasting is going on, and misfire holes shall be reported to the mine foreman or the shift-boss in charge of the locality of such holes. If the shots are fired by electricity, the place must be carefully examined before men are permitted to work therein. The miner in charge shall further instruct those employed in clearing the loose rock, to report to him immediately the finding of any wire in or under the loose rock, and in event of such being discovered he shall at once order the work to cease until the wires have been carefully traced to their terminals in order to determine whether a misfire has occurred.

Fire protection.

18. All mines having but one exit, and the same covered with a building containing the mechanical plant, furnace room or blacksmith shop, shall have fire protection, water if possible, and in mines where water is not available, chemical fire extinguishers or hand grenades shall be kept in convenient places for immediate use.

19. It is hereby made the duty of every person, firm or corporation, who shall have on any mine a vertical shaft or incline to a greater depth than one hundred feet, and who shall have drifted on or along the vein or veins a distance of two hundred feet or more and shall have commenced to stope, to provide and maintain to the hoisting shaft or the opening through which men are led into or out of the mine and the ore is extracted, a separate escapement shaft, raise or opening, or an underground opening or communication with some other contiguous mine; *provided*, that in case such contiguous mine belongs to a different person, firm or corporation, the right to use the outlet through such contiguous mine, in all cases when necessary, or in case of accident, must be secured and kept in force. Where such an escapement, shaft or opening shall not be in existence at the time that stoping is commenced, work upon such an escapement shaft or opening must be commenced as soon as stoping begins, and be diligently prosecuted until same is completed, and said escapement shaft, raise or opening shall be continued to and connected with the lowest workings in the mine. The exit, escapement shaft, raise or opening provided for in this section must be of sufficient size to afford an easy passageway, and if it be a raise or shaft, must be provided with substantial ladders from the deepest workings to the surface. Whenever the exit or outlet herein provided for is not in a direct or continuous course, sign-boards plainly marked, showing the direction to be taken, must be placed at each departure from the continuous course.

20. (a) All hoisting machinery using steam, electricity, air, gasoline or hydraulic motive power, for the purpose of hoisting from or lowering into mines, employees and materials, except prospect shafts, not exceeding three hundred feet in depth, shall be equipped with an indicator, said indicator to be placed near to and in clear view of hearing of the engineer. This indicator must be in addition to marks on the rope or cable or drum.

his engine at a greater speed than eight hundred feet per minute, the engineer has violated the orders of his employers, the engineer is subject to penalty.

Daily inspection of hoisting machinery.

(c) All hoisting machinery must be inspected once in every twenty-four hours by a competent person, appointed by the mine manager or superintendent for that purpose, and such inspector shall immediately report in writing to said manager or superintendent any and all defects found.

Ropes, cables.

(d) All ropes or cables used for hoisting purposes shall be of approved quality and manufacture; and in shafts and winzes of over two hundred feet in depth, wire ropes or cables only shall be used for hoisting purposes.

Head frames.

(e) All head frames where men are hoisted at a speed of over two hundred and fifty feet per minute, and where more than twenty-five men are employed, shall be so constructed as to allow at least twenty-five feet above the hoist landing stage, in which the cage, skip or bucket can travel freely in case of an overwind. The chief inspector may grant permission for the use of any head frame erected previous to the enactment of this law, which does not comply with the above conditions.

Safety cage.

(f) It shall be unlawful for the operator of any mine to permit the hoisting or lowering of men in any shaft deeper than three hundred feet, unless an iron-bonnet safety cage, equipped with gates at least five feet in height, be used for the hoisting or lowering of such men; but this provision shall not apply to shafts in process of sinking; every cage must have overhead bars of such arrangement as to give every man on the cage an easy and secure hand hold. Every cage or skip used for hoisting men must be provided with a safety catch of sufficient strength to hold the cage or skip with its maximum load at any point in the shaft in the event that the hoisting cable should break. The inspector of mines must see that all cages and skips are equipped in compliance with this paragraph, and that on all cages safety catches are kept well oiled and in good working condition. In any shaft of less than three hundred feet depth where no safety cage is used, and

where cross-head or cross-heads are used, platforms for employees to ride upon, equipped with safety catches as for cages and skips herein mentioned, shall be provided.

(g) All vertical shafts more than two hundred feet deep, from which hoisting is done by means of a bucket, must be provided with suitable guides, and in connection with the bucket there must be a cross-head travelling upon these guides. The height of the cross-head shall be at least one and one-half times its width. If the cross-head be a type that is not secured to the hoisting rope, a stopper, of design to be approved by the inspector, must be securely and rigidly fastened to the hoist rope to a suitable point above the rim of the bucket.

Provision
for hoisting
by bucket.

(h) The number of persons permitted to ride upon the deck of the cage or in or on a skip or bucket shall be determined by the inspector of mines, and in no case shall more than the number of men permitted by the said inspector be allowed to ride on the deck of such cage, or in or on such skip or bucket. No person shall ride upon a cage or in or on a skip or bucket when loaded with rock or ore.

Number of
persons rid-
ing at one
time.

Not ride
with load.

(i) When tools, timber or other materials are to be loaded or hoisted in the shaft, the ends, if projecting above the top of the bucket, skip or other vehicle, shall be securely fastened to the hoisting rope or to the upper part of the vehicle, and tools, timber or other material loaded erectly upon a cage must be securely lashed before being hoisted or carried.

Carrying
materials.

(j) No person shall ride upon any cage, skip or bucket that is loaded with tools, timber, powder or other material, except for the purpose of assisting in passing these through the shaft.

Riding with
load.

(k) In no case shall a cage, skip or bucket or other vehicle be lowered directly to the bottom of the shaft when men are working there, but must be stopped at least fifteen feet above the bottom until the signal to lower further has been given by one of the men at the bottom of the shaft. This rule shall not apply to shafts less than fifty feet in depth.

Lowering
cage, etc.

(l) Persons engaged in deepening a shaft in which regular hoisting from an upper level is going on shall

be protected from the danger of falling material by suitable covering, sufficient opening in the covering only being left for the passage of the bucket or other conveyance used in the sinking operations.

Bulkhead
between crews.

(m) In shafts, winzes or raises where two or more crews of men are working one crew above another, there shall be a bulkhead between each two crews of men, strong enough to stop any tools or other material that may fall from the men working above, and only the cage, skip or bucket compartment be left open.

Construction
of bulkhead.

(n) All shafts or winzes shall have a bulkhead over the men working in the bottom of the shaft or winze. Said bulkhead shall be built of timber not less than six inches in thickness, and said bulkhead shall not be more than fifty feet above the bottom of said shaft or winze, and provide ample protection for the men working at the bottom of said winze and shall be so constructed as not to shut off the air circulation; the cage, skip or bucket compartment only to be left open. All shafts or winzes shall be cleaned down below the bulkhead after each blasting.

To prevent
bucket run-
ning back.

(o) Windlasses and whims in use at or in mines shall be provided with a suitable plug or some other reliable device to prevent running back of the bucket or other conveyance.

Safety hook.

(p) No open hook shall be used with a bucket in hoisting, but only some approved form of safety hook or shackle hook.

Release signal.

(q) A release signal of one bell to the hoisting engineer shall be given to release the cage, skip or bucket after it has been stopped at any station, to obviate the danger of movement of such cage, skip or bucket at any other station or point in shaft.

Hoistman.

(r) At any mine where men are hoisted by mechanical means, a hoistman charged with the hoisting thereof, shall be kept on duty at the hoist at all times when men are underground.

Mines must
have two out-
lets.

21. (a) Every mine shall have at least two outlets to the surface except as hereinbefore provided. Such outlets must not lead to the surface in one and the same house, and must not at any point be nearer to one an-

other than thirty feet. In the event that two outlets of any mine, or part of them, do not belong to the same mine, the owners and operators of the respective mines shall be responsible for the outlet or part of it, in their respective mines, being kept in proper repair; and shall any obstruction arise in any such outlet, or anything occur in one of the mines to jeopardize the safety of the outlet, the occurrence shall be immediately reported to the owner, manager or superintendent of the other mine or mines. If either of the two outlets, or part of them, be situated in an abandoned mine or mines, the operator or operators of the working mine or mines shall be jointly and severally responsible for the proper maintenance and repair of such outlet or outlets.

(b) At every mine where a single shaft be allowed to afford the only means of ingress or egress to the persons employed underground, such shaft, if more than two hundred feet deep, shall be divided into at least two compartments, and one of the compartments shall be set aside for a ladderway, which must be equipped as hereinafter provided. Whenever such a single shaft be covered by a building not absolutely fireproof, the ladderway shall be securely bulkheaded at a point at least twenty-five feet below the collar of the shaft, and below this bulkhead, if the shaft is situated upon a side-hill, a drift shall be driven to the surface; if the shaft be situated in a level country, this drift shall be driven to a safe distance beyond the walls of the building, but in no case less than thirty feet, and from there a raise shall be made to the surface. This raise shall be equipped with a ladderway and it, together with the drift connecting with the main shaft shall be kept in good repair and shall afford a safe escape in the event of fire.

(c) After the enactment of this act, no structure shall be erected over an outlet of a mine, except the head frame, necessary for hoisting from a shaft and the hatch or door necessary for hoisting from a shaft and the hatch or door required to protect, from inclemency of the weather, men obliged to work at the top of the shaft. If, for the latter purpose a house be required, the inspector may, in writing, grant permission for its construction, but such a house must be as small as possible,

must be constructed of unflammable material, and the storage of any inflammable material inside of it, or within thirty feet of it, is prohibited. In the case of existing houses covering the mouths of the shafts and exits, no inflammable material shall be stored inside of them; nor outside of them, within a distance of thirty feet from the exterior walls of the house.

Fireproof
door.

(d) Every exit of which the mouth is covered by a house or building of any kind, shall be provided with a fireproof door near the mouth of the exit that can be closed from outside of the building by means of a pull wire or cable, so as to keep the gasses of combustion from entering the mine in the event that fire destroys the building at the mouth of the exit.

Ladderway
on slope.

Connect floors.

(e) Every shaft, winze, raise or incline or steeper slope than forty degrees from the horizontal, and deeper than forty feet, through which men are obliged to travel, shall be provided with a ladderway. Suitable ladders, or footways, shall be provided to connect floors of sets in stopes, and other places requiring communication in the mine. Every shaft shall have an addition to any mechanical means of ingress or egress, at least one proper ladder or footway communicating from the lowest workings of the mine to the surface.

Permanent
ladderways.

(f) Permanent ladderways used for the ascent or descent of persons in the mine shall be sufficiently strong for the purpose demanded, and shall be firmly fastened and kept in good repair. In a vertical shaft the chief inspector may, in his own discretion, by an order in writing direct that the ladder shall be inclined at most convenient angle which the space in which the ladder is fixed allows, and every such ladder shall have substantial platforms, at intervals of not more than twenty feet.

Platforms.

Platform
enclosed.

The said platforms shall be closely covered, with the exception of an opening large enough to permit the passage of a man, and shall be so arranged that by no means could a person fall from one ladder through the opening to the next ladder.

Ladder in
sinking shaft.

(g) Ladderways shall be provided in all shafts in the course of sinking to within such distance from the bot-

tom as will secure them from damage by blasting, but from the end of such ladderways portable ladders shall be extended to the bottom of the shaft.

(h) All stations or levels shall have a passageway around the working shaft so that crossing over the hoisting compartments, may be avoided. All sumps shall be securely planked over. At all shaft stations a gate or a guard rail must be provided and kept in place across the shaft, except when cage, skip or bucket is being loaded, but this prohibition shall not prohibit the temporary removal of the gate or rail for the purpose of repairs or other operations, if proper precaution to prevent danger to persons is taken.

Suitable passageways.

Guard rail.

(i) The top of every mining shaft shall be protected by a substantial gate, guard rail or chain.

Opening protected.

(l) Existing winzes, sumps, and all other openings in the floor of a drift or stope must be covered with a substantial hatch, or planking, or provided with guard rails.

Existing winzes covered.

22. An adequate amount of pure air shall be made to circulate through and into the shafts, winzes, levels and other working places of every mine, in such quantity as will maintain the same in a fit state for working and passing therein, and in all dry places where the operation of a power drill will produce dust all power drills used therein shall be equipped with a spraying device, and an adequate spraying system shall be installed and used to settle all dusts or gasses that may be created. The total quantity of carbondioxide present in the air shall not exceed twenty-five one-hundredths per centum by volume except that at any place where firing explosives has been done a higher percentage of carbondioxide shall

Lighting.

23. (a) Stationary lights deemed sufficient by the inspector of mines shall be provided during working hours at all stations in vertical and incline shafts during the time when in actual use, and also at all stations in levels where hoisting or hauling is effected by means of machinery, and also at night at all working places on the surface.

Lamp or candle not left burning.

(b) No candle or lamp other than electric shall be left burning in a mine or any part of a mine when the person using the candle or lamp departs from his work for the day.

Bore hole.

24. (a) When advancing a drift, exit, level or incline toward a mine working, that is suspected to be filled with water, a bore hole must be kept at least twenty feet in advance of the breast of the drive, and also, if necessary, in directions laterally from the course of the drive. Such a working place must not exceed six feet in width, and such additional precautionary measures shall be taken as may be deemed necessary by the inspector of mines to obviate the danger of a certain breaking through of water.

When approaching water.

(b) No raise shall be allowed to approach within ten feet to any portion of a winze or stope in which there is a dangerous accumulation of water, unless such winze or stope be first unwatered by bailing or pumping or by means of a bore from the raise.

When danger from inrush of water.

(c) In every mine where, in the opinion of the inspector, there is a danger of a sudden inrush of water, such additional raises, drifts or other workings shall be constructed as are necessary to insure the escape of workmen from the lower workings, and all sumps and places for the storage of water in mines shall be so constructed as to prevent leakage as far as possible, and insure the safety of the men working below the same.

Impounding water.

(d) It shall be unlawful for any operator to impound water or to keep water impounded within any

mine in which men are working below the water so impounded in such manner as to endanger the safety of such men, unless said water be impounded by a dam or dams or wall or walls approved by the inspector of mines.

25. Boys under eighteen years of age shall not be employed underground in a mine. No boys in mines.

26. Strangers and visitors shall not be allowed underground unless accompanied by the owner, official or employee deputized to accompany them. Visitors.

27. Every mine employing twenty-five men or more shall maintain and suitably equip a heated wash room and change room, immediately contiguous to said mine, which shall be at all times be open to employees. Wash and clothes room.

28. No person shall knowingly injure or destroy a water-gauge barometer, air-course, brattice or other equipment or machinery of any mine; nor, unless lawfully authorized to do so, obstruct or open an airway, handle or disturb any part of the machinery of the hoisting engine of the mine, open the door of a mine and neglect to close it, endanger the mine or those working therein, disobey an order given in pursuance of the law, or do a wilful act whereby the lives or health of persons working in such mines, or the security of a mine, or the machinery connected therewith, may be endangered. Tampering with mechanism, etc.

29. Notices shall be placed by the superintendent, or under his direction by the mine foreman or shift-boss, at the entrance of any working place deemed dangerous, and at the entrance to old or abandoned workings; and no person other than those who are authorized by the operator, manager, or superintendent, shall remove or go beyond any caution board or danger signal so placed. Cautionary notices and danger signals.

30. At any mine employing twenty-five or more men underground, the operator shall provide, and keep in a readily accessible place, at least two fire-fighting helmets in condition to be used in case of emergency; also the operator or superintendent of such mine shall provide training for a crew in the use of such helmets, and tests at least once monthly of helmets by the actual use thereof by such crew shall be made. Proceedings
in causes.

6. In any case in which a writ of sequestration shall issue as herein provided, the cause shall proceed against the nonresident defendant as in other cases in which the court is authorized to proceed against nonresidents.

What notice

The court may direct the officer to proceed under the writ of sequestration to dispose of the property to satisfy the order or decree.

The defendant may appear generally in the cause, in which event the property seized under the writ may be released by the court, upon the defendant giving bond with sufficient surety in such sum, not exceeding the value of the property, as the court may direct, conditioned to pay the said sum mentioned in the bond as the Court of Chancery in the cause shall, by order or decree, direct, or without bond if the court so order; or specially, in which event the property seized may be released upon the defendant giving bond with sufficient surety, either in an amount equal to the value of the property seized, conditioned that the obligors will pay the sum mentioned in the bond as the Court of Chancery shall, by order or decree made in the cause, direct,

No abatement
by reason
of death.

14. If a defendant shall die after the issuance of such a writ, the action shall not be thereby abated or discontinued, but the same shall be carried on to final determination, as if such death had not intervened, and the defendant had been alive, and all proceedings and deeds had and made in such case shall be as valid and effectual in law as if had and made in the lifetime of such defendant, his death, however, to be suggested upon the record and the suit revived as in other cases.

CHAPTER 210.

An Act concerning conditional sales and to make uniform the law relating thereto.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. In this act "Conditional sale" means (1) any contract for the sale of goods under which possession is delivered to the buyer and the property in the goods is to vest in the buyer at a subsequent time upon the payment of part or all of the price, or upon the performance of any other condition or the happening of any contingency; or (2) any contract for the bailment or leasing of goods by which the bailee or lessee contracts to pay as compensation a sum substantially equivalent to the value of the goods, and by which it is agreed that the bailee or lessee is bound to become, or has the option of becoming, the owner of such goods upon full compliance with the terms of the contract.

Definitions
of "condi-
tional sale,"
and sundry
terms.

"Buyer" means the person who buys or hires the goods covered by the conditional sale, or any legal successor in interest of such person.

"Filing district" means the subdivision of the State in which conditional sale contracts, or copies thereof, are required by this act to be filed.

"Goods" means all chattels personal other than things in action and money, and includes emblements, industrial growing crops, and things attached to or forming a part of land which are agreed to be severed before sale or under the conditional sale.

"Performance of the condition" means the occurrence of the event upon which the property in the goods is to vest in the buyer, whether such event is the performance of an act by the buyer or the happening of a contingency.

"Person" includes an individual, partnership, corporation, and any other association.

"Purchase" includes mortgage and pledge.

"Purchaser" includes mortgagee, and pledgee.

"Seller" means the person who sells or leases the goods covered by the conditional sale, or any legal successor in interest of such person.

Right of
buyer.

2. The buyer shall have the right when not in default to retain possession of the goods, and he shall also have the right to acquire the property in the goods on the performance of the conditions of the contract. The seller shall be liable to the buyer for the breach of all promises and warranties, express or implied, made in the conditional sale contract, whether or not the property in the goods has passed to the buyer.

Liability of
seller.

Liability of
buyer.

3. The buyer shall be liable to the seller for the purchase price, or for installments thereof, as the same shall become due, and for breach of all promises made by him in the conditional sale contract, whether or not the property in the goods has passed to the buyer.

Reserving
property.

4. Every provision in a conditional sale reserving property in the seller after possession of the goods is delivered to the buyer, shall be valid as to all persons, except as hereinafter otherwise provided.

Reservation
when buyer
sells void,
unless con-
tract filed.

5. Every provision in a conditional sale reserving property in the seller, shall be void as to any purchaser from or creditor of the buyer, who, without notice of such provision, purchases the goods or acquires by attachment or levy a lien upon them, before the contract or a copy thereof shall be filed as hereinafter provided, unless such contract or copy is so filed within ten days after the making of the conditional sale.

Conditional
sale contract
filed.

6. The conditional sale contract or copy shall be filed in the office of the county clerk, or where there is a register of deeds in the office of such register of deeds in the county in which the goods are first kept for use by the buyer after the sale. It shall not be necessary to the validity of such conditional sale contract, or in order to entitle it to be filed, that it be acknowledged or attested. This section shall not apply to the contracts described in section eight.

When goods
affixed to
realty.

7. If the goods are so affixed to realty, at the time of a conditional sale or subsequently as to become a

part thereof and not to be severable wholly or in any portion without material injury to the freehold, the reservation of property as to any portion not so severable shall be void after the goods are so affixed, as against any person who has not expressly assented to the reservation. If the goods are so affixed to realty at the time of a conditional sale or subsequently as to become part thereof, but to be severable without material injury to the freehold, the reservation of property shall be void after the goods are so affixed as against subsequent purchasers of the realty for value and without notice of the conditional seller's title, unless the conditional sale contract, or a copy thereof, together with a statement signed by the seller briefly describing the realty and stating that the goods are or are to be affixed thereto, shall be filed before such purchase in the office where a deed of the realty would be recorded or registered to affect such realty. As against the owner of realty the reservation of the property in goods by a conditional seller shall be void when such goods are to be so affixed to the realty as to become part thereof, but to be severable without material injury to the freehold, unless the conditional sale contract, or a copy thereof, together with a statement signed by the seller briefly describing the realty and stating that the goods are to be affixed thereto, shall be filed before they are affixed, in the office where a deed would be recorded or registered to affect such realty.

8. No conditional sale of railroad, or street or inter-urban railway equipment or rolling stock shall be valid as against the purchasers and creditors described in section five, unless the contract shall be acknowledged by the buyer or attested in like manner as a deed of real property, and the contract, or a copy thereof, shall be filed or recorded in the office of the Secretary of State; and unless when any engine or car so sold is delivered there shall then be plainly and conspicuously marked upon each side thereof the name of the seller, followed by the word "owner."

that the buyer may resell them prior to performance of the condition, the reservation of property shall be void against purchasers from the buyer for value in the ordinary course of business, and as to them the buyer shall be deemed the owner of the goods, even though the contract or a copy thereof shall be filed according to the provisions of this act.

Record kept
by county
clerk.

10. The filing officer shall mark upon the contract or copy filed with him the day and hour of filing, and shall file the contract or copy in his office for public inspection. He shall keep a separate book in which he shall enter the names of the seller and buyer, the date of the contract, the day and hour of filing, a brief description of goods, the price named in the contract and the date of cancellation thereof; except that in entering the contracts mentioned in section eight, the Secretary of State shall record either the sum remaining to be paid upon the contract or the price of the goods. Such book shall be indexed under the names of both seller and buyer. For filing and entering such contract or copy the filing officer shall be entitled to a fee of ten cents, except that for filing and entering a contract described in section eight the Secretary of State shall be entitled to a fee of one dollar.

Extent of
validity of
filed contract
of conditional
sale.

11. The filing of conditional sale contracts provided for in sections five, six and seven shall be valid for a period of three years only. The filing of the contract provided for by section eight shall be valid for a period of fifteen years only. The validity of the filing may in each case be extended for successive additional periods of one year from the date of refiling by filing in the proper filing district a copy of the original contract within thirty days next preceding the expiration of each period, with a statement attached signed by the seller, showing that the contract is in force and the amount remaining to be paid thereon. Such copy, with statement attached, shall be filed and entered in the same manner as a contract or copy filed and entered for the first time, and the filing officer shall be entitled to a like fee as upon the original filing.

Statement
of contract
performed.

12. After the performance of the condition, upon written demand delivered personally or by registered

mail by the buyer or any other person having an interest in the goods, the seller shall execute, acknowledge and deliver to the demandant a statement that the condition in the contract has been performed. If for ten days after such demand the seller fails to mail or deliver such a statement of satisfaction, he shall forfeit to the demandant five dollars (\$5.00) and be liable for all damages suffered. Upon presentation of such statement of satisfaction the filing officer shall file the same and note the cancellation of the contract and the date thereof on the margin of the page where the contract has been entered. For filing and entering the statement of satisfaction the filing officer shall be entitled to a fee of ten cents, except that the Secretary of State shall be entitled to a fee of fifty cents for filing and entering a statement of the satisfaction of a contract described in section eight.

Cancellation
of contract.

13. Unless the contract otherwise provides, the buyer may, without the consent of the seller, remove the goods from any filing district and sell, mortgage or otherwise dispose of his interest in them; but prior to the performance of the condition, no such buyer shall remove the goods from a filing district in which the contract or a copy thereof is filed, except for temporary uses for a period of not more than thirty days, unless the buyer not less than ten days before such removal shall give the seller personally or by registered mail written notice of the place to which the goods are to be removed and the approximate time of such intended removal; not prior to the performance of the condition shall the buyer sell, mortgage or otherwise dispose of his interest in the goods, unless he, or the person to whom he is about to sell, mortgage or otherwise dispose of the same, shall notify the seller in writing personally or by registered mail of the name and address of the person to whom his interest in the goods is about to be sold, mortgaged or otherwise transferred, not less than ten days before such sale, mortgage or other disposal. If any buyer does so remove the goods, or does so sell, mortgage or otherwise dispose of his interest in them without such notice or in violation of the contract, the

seller may retake possession of the goods and deal with them as in case of default in payment of part or all of the purchase price. The provisions of this section regarding the removal of goods shall not apply, however, to the goods described in section eight.

14. When, prior to the performance of the condition, the goods are removed by the buyer from a filing district in this State to another filing district in this State in which such contract or a copy thereof is not filed, or are removed from another State into a filing district in this State where such contract or copy is not filed, the reservation of the property in the seller shall be void as to purchasers and creditors described in section five, unless the conditional sale contract or a copy thereof shall be filed in the filing district to which the goods are removed, within ten days after the seller has received notice of the filing district to which the goods have been removed. The provisions of this section shall not apply, however, to the goods described in section eight. The provisions of section eleven regarding the duration of the validity of the filing and the necessity for refiling shall apply to contracts or copies which are filed in a filing district other than that where the goods are originally kept for use by the buyer after the sale.

15. When, prior to the performance of the condition, the buyer maliciously or with intent to defraud, shall injure, destroy or conceal the goods, or remove them to a filing district where the contract or a copy thereof is not filed, without having given the notice required by section thirteen, or shall sell, mortgage or otherwise dispose of such goods under claim of full ownership, he shall be guilty of a misdemeanor, and upon conviction thereof shall be imprisoned for not more than one year or be fined not more than five hundred dollars, or both.

16. When the buyer shall be in default in the payment of any sum due under the contract, or in the performance of any other condition which the contract requires him to perform in order to obtain the property in the goods, or in the performance of any promise, the

breach of which is by the contract expressly made a ground for the retaking of the goods, the seller may retake possession thereof. Unless the goods can be retaken without breach of the peace, they shall be retaken by legal process; but nothing herein shall be construed to authorize a violation of the criminal law.

How taken.

17. Not more than forty nor less than twenty days prior to the retaking the seller, if he so desires, may serve upon the buyer personally or by registered mail a notice of intention to retake the goods on account of the buyer's default. The notice shall state the default and the period at the end of which the goods will be retaken, and shall briefly and clearly state what the buyer's rights under this act will be in case they are retaken. If the notice is so served and the buyer does not perform the obligations in which he has made default before the day set for retaking, the seller may retake the goods and hold them subject to the provisions of sections nineteen, twenty, twenty-one, twenty-two and twenty-three regarding resale, but without any right of redemption.

Notice of intention to retake goods.

Right to take and hold goods.

18. If the seller does not give the notice of intention to retake described in section seventeen, he shall retain the goods for ten days after the retaking within the State in which they were located when retaken during which period the buyer, upon payment or tender of the amount due under the contract at the time of retaking and interest, or upon performance or tender of performance of such other condition as may be named in the contract as precedent to the passage of the property in the goods, or upon performance or tender of performance of any other promise for the breach of which the goods were retaken, and upon payment of the expenses of retaking, keeping and storage, may redeem the goods and become entitled to take possession of them and to continue in the performance of the contract as if no default had occurred. Upon written demand delivered personally or by registered mail by the buyer, the seller shall furnish to the buyer a written statement of the sum due under the contract and the expense of retaking, keeping and storage. For failure to furnish such statement within a reasonable time after demand, the seller

shall forfeit to the buyer ten dollars and also be liable to him for all damages suffered because of such failure. If the goods are perishable so that retention for ten days as herein prescribed would result in their destruction or substantial injury, the provisions of this section shall not apply, and the seller may resell the goods immediately upon their retaking. The provision of this section requiring the retention of the goods within the State during the period allowed for redemption shall not apply to the goods described in section eight.

19. If the buyer does not redeem the goods within ten days after the seller has retaken possession, and the buyer has paid at least fifty per centum of the purchase price at the time of the retaking, the seller shall sell them at public auction in the State where they were at the time of the retaking, such sale to be held not more than thirty days after the retaking. The seller shall give to the buyer not less than ten days' written notice of the sale, either personally or by registered mail, directed to the buyer at his last known place of business or residence. The seller shall also give notice of the sale by at least three notices posted in different public places within the filing district where the goods are to be sold, at least five days before the sale. If at the time of the retaking five hundred dollars or more has been paid on the purchase price, the seller shall also give notice of the sale at least five days before the sale by publication in a newspaper published or having a general circulation within the filing district where the goods are to be sold. The seller may bid for the goods at the resale. If the goods are of the kind described in section eight, the parties may fix in the conditional sale contract the place where the goods shall be resold.

20. If the buyer has not paid at least fifty per centum of the purchase price at the time of the retaking, the seller shall not be under a duty to resell the goods as prescribed in section nineteen, unless the buyer serves upon the seller, within ten days after the retaking, a written notice demanding a resale, delivered personally or by registered mail. If such notice is served, the resale shall take place within thirty days after the

service, in the manner, at the place and upon the notice prescribed in section nineteen. The seller may voluntarily resell the goods for account of the buyer on compliance with the same requirements.

21. The proceeds of the resale shall be applied (1) to the payment of the expenses thereof, (2) to the payment of the expenses of retaking, keeping and storing the goods, (3) to the satisfaction of the balance due under the contract. Any sum remaining after the satisfaction of such claims shall be paid to the buyer.

Use of proceeds of resale.

22. If the proceeds of the resale are not sufficient to defray the expenses thereof, and also the expenses of retaking, keeping and storing the goods and the balance due upon the purchase price, the seller may recover the deficiency from the buyer, or from anyone who has succeeded to the obligations of the buyer.

Recovery of deficiency.

23. Where there is no resale, the seller may retain the goods as his own property without obligation to account to the buyer except as provided in section twenty-five, and the buyer shall be discharged of all obligation.

Seller's right of retention.

24. After the retaking of possession as provided in section sixteen the buyer shall be liable for the price only after a resale and only to the extent provided in section twenty-two. Neither the bringing of an action by the seller for the recovery of the whole or any part of the price, nor the recovery of judgment in such action, nor the collection of a portion of the price, shall be deemed inconsistent with a later retaking of the goods as provided in section sixteen. But such right of retaking shall not be exercised by the seller after he has collected the entire price, or after he has claimed a lien upon the goods, or attached them, or levied upon them as the goods of the buyer.

Buyer's liability for price after resale.

25. If the seller fails to comply with the provisions of sections eighteen, nineteen, twenty, twenty-one and twenty-three after retaking the goods, the buyer may recover from the seller his actual damages, if any, and in no event less than one-fourth of the sum of all payments which have been made under the contract, with interest.

If seller fails to comply with law, buyer's right of recovery.

Agreement
does not
constitute
valid waiver.

26. No act or agreement of the buyer before or at the time of the making of the contract, nor any agreement or statement by the buyer in such contract, shall constitute a valid waiver of the provisions of sections eighteen, nineteen, twenty, twenty-one and twenty-five.

Injury and
loss rests
on buyer.

27. After the delivery of the goods to the buyer and prior to the retaking of them by the seller, the risk of injury and loss shall rest upon the buyer. The increase of the goods shall be subject to the same conditions as the original goods.

Exception
to act.

28. This act shall not apply to conditional sales made prior to the time when it takes effect.

In other cases,
laws applica-
ble.

29. In any case not provided for in this act the rules of law and equity, including the law merchant, and in particular those relating to principal and agent, and to the effect of fraud, misrepresentation, duress or coercion, mistake, bankruptcy, or other invalidating cause, shall continue to apply to conditional sales.

Act how
construed.

30. This act shall be so interpreted and construed as to effectuate its general purpose to make uniform the law of those States which enact it.

Act named.

31. This act may be cited as the Uniform Conditional Sales Act.

Loans.

13. (1) A limited partner also may loan money to and transact other business with the partnership, and, unless he is also a general partner, receive on account of resulting claims against the partnership, with general creditors, a pro rata share of the assets. No limited partner shall in respect to any such claim

15. A limited partner may receive from the partnership the share of the profits or the compensation by way of income stipulated for in the certificate; *provided*, that after such payment is made, whether from the property of the partnership or that of a general partner, the partnership assets are in excess of all liabilities of the partnership except liabilities to limited partners on account of their contributions and to general partners.

(4) When a contributor has rightfully received the return in whole or in part of the capital of his contribution, he is nevertheless liable to the partnership for any sum, not in excess of such return with interest, necessary to discharge its liabilities to all creditors who extended credit or whose claims arose before such return.

Partnership.

6. (1) A partnership is an association of two or more persons to carry on as co-owners a business for profit.

(2) But any association formed under any other statute of this State, or any statute adopted by authority, other than the authority of this State, is not a partnership under this act, unless such association would

have been a partnership in this State prior to the adoption of this act; but this act shall apply to limited partnerships except in so far as the statutes relating to such partnerships are inconsistent herewith.

7. In determining whether a partnership exists, these rules shall apply: Rules of partnership.

(1) Except as provided by section sixteen persons who are not partners as to each other are not partners as to third persons.

(2) Joint tenancy, tenancy in common, tenancy by the entireties, joint property, common property, or part ownership does not of itself establish a partnership, whether such co-owners do or do not share any profits made by the use of the property.

(3) The sharing of gross returns does not of itself establish a partnership, whether or not the persons sharing them have a joint or common right or interest in any property from which the returns are derived.

(4) The receipt by a person of a share of the profits of a business is prima facie evidence that he is a partner in the business, but no such inference shall be drawn if such profits were received in payment:

(a) As a debt by installments or otherwise,

(b) As wages of an employee or rent to a landlord,

(c) As an annuity to a widow or representative of a deceased partner,

(d) As interest on a loan, though the amount of payment vary with the profits of the business,

the entire estate of the grantor unless a contrary intent appears.

PART III.

RELATIONS OF PARTNERS TO PERSONS DEALING WITH THE PARTNERSHIP.

Acts of partner bind firm.

9. (1) Every partner is an agent of the partnership for the purpose of its business, and the act of every partner, including the execution in the partnership name of any instrument, for apparently carrying on in the usual way the business of the partnership of which he is a member binds the partnership, unless the partner so acting has in fact no authority to act for the partnership in the particular matter, and the person with whom he is dealing has knowledge of the fact that he has no such authority.

(2) An act of a partner which is not apparently for the carrying on of the business of the partnership in the usual way does not bind the partnership unless authorized by the other partners.

(3) Unless authorized by the other partners or unless they have abandoned the business, one or more but less than all the partners have no authority to:

(a) Assign the partnership property in trust for creditors or on the assignee's promise to pay the debts of the partnership.

(b) Dispose of the good-will of the business,

(c) Do any other act which would make it impossible to carry on the ordinary business of a partnership,

(d) Confess a judgment,

(e) Submit a partnership claim or liability to arbitration or reference.

(4) No act of a partner in contravention of a restriction on authority shall bind the partnership to persons having knowledge of the restriction.

Conveyance of property by partner.

10. (1) Where title to real property is in the partnership name, any partner may convey title to such property by a conveyance executed in the partnership name; but the partnership may recover such property unless the partner's act binds the partnership under the provisions of paragraph (1) of section nine, or unless

such property has been conveyed by the grantee, or a person claiming through such grantee to a holder for value without knowledge that the partner, in making the conveyance, has exceeded his authority.

(2) Where title to real property is in the name of the partnership, a conveyance executed by a partner, in his own name, passes the equitable interest of the partnership, provided the act is one within the authority of the partner under the provisions of paragraph (1) of section nine.

(3) Where title to real property is in the name of one or more but not all the partners, and the record does not disclose the right of the partnership, the partners in whose name the title stands may convey title to such property, but the partnership may recover such property if the partners' act does not bind the partnership under the provisions of paragraph (1) of section nine, unless the purchaser or his assignee, is a holder for value, without knowledge.

(4) Where the title to real property is in the name of one or more or all the partners, or in a third person in trust for the partnership, a conveyance executed by a partner in the partnership name, or in his own name, passes the equitable interest of the partnership, provided the act is one within the authority of the partner under the provisions of paragraph (1) of section nine.

(5) Where the title to real property is in the names of all the partners a conveyance executed by all the partners passes all their rights in such property.

11. An admission or representation made by any partner concerning partnership affairs within the scope of his authority as conferred by this act is evidence against the partnership.

Admission
by partner
is evidence.

12. Notice to any partner of any matter relating to partnership affairs, and the knowledge of the partner acting in the particular matter, acquired while a partner or then present to his mind, and the knowledge of any other partner who reasonably could and should have communicated it to the acting partner, operate as notice to or knowledge of the partnership, except in the case of a fraud on the partnership committed by or with the consent of that partner.

Notice to
any partner.

Liability of
partnership.

13. Where, by any wrongful act or omission of any partner acting in the ordinary course of the business of the partnership, or with the authority of his co-partners, loss or injury is caused to any person, not being a partner in the partnership, or any penalty is incurred, the partnership is liable therefor to the same extent as the partner so acting or omitting to act.

Making good
the loss.

14. The partnership is bound to make good the loss:

(a) Where one partner acting within the scope of his apparent authority receives money or property of a third person and misapplies it; and

(b) Where the partnership in the course of its business receives money or property of a third person and the money or property so received is misapplied by any partner while it is in the custody of the partnership.

Liability of
partners.

15. All partners are liable.

(a) Jointly and severally for everything chargeable to the partnership under sections thirteen and fourteen.

(b) Jointly for all other debts and obligations of the partnership; but any partner may enter into a separate obligation to perform a partnership contract.

Liability for
misrepresentation.

16. (1) When a person, by words spoken or written or by conduct, represents himself, or consents to another representing him to any one, as a partner in an existing partnership or with one or more persons not actual partners, he is liable to any such person to whom such representation has been made, who has, on the faith of such representation, given credit to the actual or apparent partnership, and if he has made such representation or consented to its being made in a public manner he is liable to such person, whether the representation has or has not been made or communicated to such person so giving credit by or with the knowledge of the apparent partner making the representation or consenting to its being made.

(a) When a partnership liability results, he is liable as though he were an actual member of the partnership.

(b) When no partnership liability results, he is liable jointly with the other persons, if any, so consenting to the contract or representation as to incur liability, otherwise separately.

(2) When a person has been thus represented to be a partner in an existing partnership, or with one or more persons not actual partners, he is an agent of the persons consenting to such representation to bind them to the same extent and in the same manner as though he were a partner in fact, with respect to persons who rely upon the representation. Where all the members of the existing partnership consent to the representation, a partnership act or obligation results; but in all other cases it is the joint act or obligation of the person acting and the persons consenting to the representation.

17. A person admitted as a partner into an existing partnership is liable for all the obligations of the partnership arising before his admission as though he had been a partner when such obligations were incurred, except that this liability shall be satisfied only out of partnership property.

Liability of
new partner.

PART IV.

RELATIONS OF PARTNERS TO ONE ANOTHER.

18. The rights and duties of the partners in relation to the partnership shall be determined, subject to any agreement between them, by the following rules:

Rights and
duties of
partners in
relation to
each other.

(a) Each partner shall be repaid his contributions, whether by way of capital or advances to the partnership property and share equally in the profits and surplus remaining after all liabilities, including those to partners, are satisfied; and must contribute towards the losses, whether of capital or otherwise, sustained by the partnership according to his share in the profits.

(b) The partnership must indemnify every partner in respect of payments made and personal liabilities reasonably incurred by him in the ordinary and proper conduct of its business, or for the preservation of its business or property.

(c) A partner who, in aid of the partnership, makes any payment or advance beyond the amount of capital which he agreed to contribute, shall be paid interest from the date of the payment or advance.

(d) A partner shall receive interest on the capital contributed by him only from the date when repayment should be made.

(e) All partners have equal rights in the management and conduct of the partnership business.

(f) No partner is entitled to remuneration for acting in the partnership business, except that a surviving partner is entitled to reasonable compensation for his services in winding up the partnership affairs.

(g) No person can become a member of a partnership without the consent of all the partners.

(h) Any difference arising as to ordinary matters connected with the partnership business may be decided by a majority of the partners; but no act in contravention of any agreement between the partners may be done rightly without the consent of all the partners.

Book of firm.

19. The partnership books shall be kept, subject to any agreement between the partners, at the principal place of business of the partnership, and every partner shall at all times have access to and may inspect and copy any of them.

Partners to furnish information.

20. Partners shall render on demand true and full information of all things affecting the partnership to any partner or the legal representative of any deceased partner or partner under legal disability.

Accounting to partnership for benefits from it.

21. (1) Every partner must account to the partnership for any benefit, and hold as trustee for it any profits derived by him without the consent of the other partners from any transaction connected with the formation, conduct, or liquidation of the partnership or from any use by him of its property.

(2) This section applies also to the representatives of a deceased partner engaged in the liquidation of the affairs of the partnership as the personal representatives of the last surviving partner.

Formal account may be had.

22. Any partner shall have the right to a formal account as to partnership affairs:

(a) If he is wrongfully excluded from the partnership business or possession of its property by his co-partners,

(b) If the right exists under the terms of any agreement,

(c) As provided by section twenty-one,

(d) Whenever other circumstances render it just and reasonable.

23. (1) When a partnership for a fixed term or particular undertaking is continued after the termination of such term or particular undertaking without any express agreement, the rights and duties of the partners remain the same as they were at such termination, so far as is consistent with a partnership at will.

Continuation
of partnership
beyond agreed
terms.

(2) A continuation of the business by the partners or such of them as habitually acted therein during the term, without any settlement or liquidation of the partnership affairs, is prima facie evidence of a continuation of the partnership.

PART V.

PROPERTY RIGHTS OF A PARTNER.

24. The property rights of a partner are (1) his rights in specific partnership property, (2) his interest in the partnership, and (3) his right to participate in the management.

Property
rights of
partner.

25. (1) A partner is co-owner with his partners of specific partnership property holding as a tenant in partnership.

Co-ownership.

(2) The incident of this tenancy are such that:

(a) A partner, subject to the provisions of this act and to any agreement between the partners, has an equal right with his partners to possess specific partnership property for partnership purposes; but he has no right to possess such property for any other purpose without the consent of his partners.

(b) A partner's right in specific partnership property is not assignable except in connection with the assignment of the rights of all the partners in the same property.

(c) A partner's right in specific partnership property is not subject to attachment or execution, except on a claim against the partnership. When partnership property is attached for a partnership debt the partners, or any of them, or the representatives of a deceased partner, cannot claim any right under the homestead or exemption laws.

(d) On the death of a partner his right in specific partnership property vests in the surviving partner or partners, except where the deceased was the last surviving partner, when his right in such property vests in his legal representative. Such surviving partner or partners, or the legal representative of the last surviving partner, has no right to possess the partnership property for any but a partnership purpose.

(e) A partner's right in specific partnership property is not subject to dower, curtesy, or allowances to widows, heirs, or next of kin.

Partner's
interest.

26. A partner's interest in the partnership is his share of the profits and surplus, and the same is personal property.

Conveyance
by partner
does not
dissolve
partnership.

27. (1) A conveyance by a partner of his interest in the partnership does not of itself dissolve the partnership, nor, as against the other partners in the absence of agreement, entitle the assignee, during the continuance of the partnership, to interfere in the management or administration of the partnership business or affairs, or to require any information or account of partnership transactions, or to inspect the partnership books; but it merely entitles the assignee to receive in accordance with his contract the profits to which the assigning partner would otherwise be entitled.

(2) In case of a dissolution of the partnership, the assignee is entitled to receive his assignor's interest and may require an account from the date only of the last account agreed to by all the partners.

Partner's
interest in
the business
liable for
judgment.

28. (1) On due application to a competent court by any judgment creditor of a partner, the court which entered the judgment, order, or decree, or any other court, may charge the interest of the debtor partner with payment of the unsatisfied amount of such judgment debt with interest thereon; and may then or later appoint a receiver of his share of the profits, and of any other money due or to fall due to him in respect of the partnership, and make all other orders, directions, accounts and inquiries which the debtor partner might have made, or which the circumstances of the case may require.

(2) The interest charged may be redeemed at any time before foreclosure, or in case of a sale being directed by the court may be purchased without thereby causing a dissolution:

(a) With separate property, by any one or more of the partners, or

PART VI.

29. The dissolution of a partnership is the change in the relation of the partners caused by any partner ceasing to be associated in the carrying on as distinguished from the winding up of the business. Dissolution.

30. On dissolution the partnership is not terminated, but continues until the winding up of partnership affairs is completed. Dissolution continues.

31. Dissolution is caused:

(c) A partner has been guilty of such conduct as tends to affect prejudicially the carrying on of the business,

(d) A partner wilfully or persistently commits a breach of the partnership agreement, or otherwise so conducts himself in matters relating to the partnership business that it is not reasonably practicable to carry on the business in partnership with him,

(e) The business of the partnership can only be carried on at a loss,

(f) Other circumstances render a dissolution equitable.

(2) On the application of the purchaser of a partner's interest under sections twenty-eight or twenty-nine:

(a) After the termination of the specified term or particular undertaking,

(b) At any time if the partnership was a partnership at will when the interest was assigned or when the charging order was issued.

Authority
of partners
terminated by
dissolution.

33. Except so far as may be necessary to wind up partnership affairs or to complete transactions begun but not then finished, dissolution terminates all authority of any partner to act for the partnership,

(1) With respect to the partners,

(a) When the dissolution is not by the act, bankruptcy or death of a partner; or,

(b) When the dissolution is by such act, bankruptcy or death of a partner, in cases where section thirty-four so requires.

(2) With respect to persons not partners, as declared in section thirty-five.

34. Where the dissolution is caused by the act, death or bankruptcy of a partner, each partner is liable to his copartners for his share of any liability created by any partner acting for the partnership as if the partnership had not been dissolved unless

Liability to

Dissolution
does not
discharge
liability.

36. (1) The dissolution of the partnership does not of itself discharge the existing liability of any partner.

(2) A partner is discharged from any existing liability upon dissolution of the partnership by an agreement to that effect between himself, the partnership creditor and the person or partnership continuing the business; and such agreement may be inferred from the course of dealing between the creditor having knowledge of the dissolution and the person or partnership continuing the business.

(3) Where a person agrees to assume the existing obligations of a dissolved partnership, the partners whose obligations have been assumed shall be discharged from any liability to any creditor of the partnership, who, knowing of the agreement, consents to a material alteration in the nature or time of payment of such obligations.

But if dissolution is caused by expulsion of a partner, *bona fide* under the partnership agreement and if the expelled partner is discharged from all partnership liabilities, either by payment or agreement under section thirty-six (2), he shall receive in cash only the net amount due him from the partnership.

Property to discharge liabilities.

II. The right, as against each partner who has caused the dissolution wrongfully, to damages for breach of the agreement.

(b) The partners who have not caused the dissolution wrongfully, if they all desire to continue the business in the same name, either by themselves or jointly with others, may do so, during the agreed term for the partnership and for that purpose may possess the partnership property, provided they secure the payment by bond approved by the court, or pay to any partner who has caused the dissolution wrongfully, the value of his interest in the partnership at the dissolution, less any

damages recoverable under clause (2a II) of this section, and in like manner indemnify him against all present or future partnership liabilities.

(c) A partner who has caused the dissolution wrongfully shall have:

I. If the business is not continued under the provisions of paragraph (2b) all the rights of a partner under paragraph (1), subject to clause (2a II), of this section.

II. If the business is continued under paragraph (2b) of this section the right as against his copartners and all claiming through them in respect of their interests in the partnership, to have the value of his interest in the partnership, less any damages caused to his copartners by the dissolution, ascertained and paid to him in cash, or the payment secured by bond approved by the court, and to be released from all existing liabilities of the partnership; but in ascertaining the value of the partner's interest the value of the good-will of the business shall not be considered.

Where partnerships rescinded, party entitled to lien, etc.

39. Where a partnership contract is rescinded on the ground of the fraud or misrepresentation of one of the parties thereto, the party entitled to rescind is, without prejudice to any other right, entitled,

(a) To a lien on, or right of retention of, the surplus of the partnership property after satisfying the partnership liabilities to third persons for any sum of money paid by him for the purchase of an interest in the partnership and for any capital or advances contributed by him; and

(b) To stand, after all liabilities to third persons have been satisfied, in the place of the creditors of the partnership for any payments made by him in respect of the partnership liabilities; and

(c) To be indemnified by the person guilty of the fraud or making the representation against all debts and liabilities of the partnership.

(h) When partnership property and the individual properties of the partners are in the possession of a court for distribution, partnership creditors shall have priority on partnership property and separate creditors on individual property, saving the rights of lien or secured creditors as heretofore.

(i) Where a partner has become bankrupt or his estate is insolvent the claims against his separate property shall rank in the following order:

- I. Those owing to separate creditors,
- II. Those owing to partnerships creditors,
- III. Those owing to partners by way of contribution.

Changes in
partnership.

(4) When all the partners or their representatives assign their rights in partnership property to one or more third persons who promise to pay the debts and who continue the business of the dissolved partnership, creditors of the dissolved partnership are also creditors of the person or partnership continuing the business.

(5) When any partner wrongfully causes a dissolution and the remaining partners continue the business under the provisions of section thirty-eight (2b), either alone or with others, and without liquidation of the partnership affairs, creditors of the dissolved partnership are also creditors of the person or partnership continuing the business.

(6) When a partner is expelled and the remaining partners continue the business either alone or with others, without liquidation of the partnership affairs, creditors of the dissolved partnership are also creditors of the person or partnership continuing the business.

(7) The liability of a third person becoming a partner in the partnership continuing the business, under this section, to the creditors of the dissolved partnership shall be satisfied out of partnership property only.

(8) When the business of a partnership after dissolution is continued under any conditions set forth in this section the creditors of the dissolved partnership, as against the separate creditors of the retiring or deceased partner or the representative of the deceased partner, have a prior right to any claim of the retired partner or the representative of the deceased partner against the person or partnership continuing the business, on account of the retired or deceased partner's interest in the dissolved partnership or on account of any consideration promised for such interest or for his right in partnership property.

(9) Nothing in this section shall be held to modify any right of creditors to set aside any assignment on the ground of fraud.

(10) The use by the person or partnership continuing the business of the partnership name, or the name of a deceased partner as part thereof, shall not of itself make the individual property of the deceased partner liable for any debts contracted by such person or partnership.

42. When any partner retires or dies, and the business is continued under any of the conditions set forth in section forty-one (1, 2, 3, 5, 6), or section thirty-eight (2b), without any settlement of accounts as between him or his estate and the person or partnership continuing the business, unless otherwise agreed, he or his legal representative as against such persons or partnership may have the value of his interest at the date of dissolution ascertained, and shall receive as an ordinary creditor an amount equal to the value of his interest in the dissolved partnership with interest, or, at his option or at the option of his legal representative,

PROCLAMATIONS.

Proclamations by the Governor.

PROCLAMATION.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

The food production program that has been adopted by our State and is being pushed by county boards of agriculture and farm demonstrators calls for an increase of fifteen per centum in corn production and a similar increase in buckwheat in the northern part of our State, the maintenance of our normal potato area and likewise the area devoted to vegetables.

In order that the farmer may be encouraged in this object, it is necessary that steps be taken to facilitate transportation of farm products and farm necessities. One way is to increase freight car capacity available for farmers. This may be brought about by a state-wide stimulation of that sort of home garden devoted to the production of bulky, perishable garden products. It is the desire of the National Government to have transportation lines relieved from the burden of handling this class of garden products, as far as possible.

Last year in New Jersey PLANTING WEEK marked the beginning of a movement that both directed attention to the imperative economic problems brought about by the war and formed a new outlet for the expression of genuine patriotism. It broadened agricultural knowledge. It beckoned to the better health of thousands of householders. It formed such a satisfactory foundation for the economic structure representing simpler modes of living that it is in the best interest of the people and State that the garden propaganda be renewed this year on a much larger scale.

THEREFORE, I, WALTER E. EDGE, Governor of the State of New Jersey, do issue this, my proclamation, designating the period beginning Monday, April eighth next, and ending Monday, April fifteenth next, as

PLANTING WEEK

in New Jersey. I call upon State, county and municipal officials throughout the State to aid in furthering the aims and objects of this Proclamation. I trust that the experiences of last year may be used as a basis for greatly extending the scope and increasing the benefits of the home garden. Idle lands subject to cultivation should be offered and accepted through local officials as one of the principle functions of the State Council of Defense. Back yards that have been a detriment as unsanitary dumping grounds or dangerous sources of conflagration should be converted into forces of economic value by means of the hoe and spade. It is not believed that people unused to production should try to produce garden products for market, as there will be a sufficient supply from nearby truck farms to take care of those who cannot produce enough at home, but a patriotic desire to have more farming land devoted to staple crops, and also the desire to relieve railroads from transportation of bulky table supplies should spur the men, women and children of New Jersey to provide their own tables this year as far as possible.

May every empty lot or back yard be a patch of American patriotism.

[GREAT SEAL] Given under my hand and the Great Seal of the State of New Jersey, this second day of April, A. D. one thousand nine hundred and eighteen, and in the Independence of the United States the one hundred and forty-second.

WALTER E. EDGE,
Governor.

By the Governor:

THOMAS F. MARTIN,
Secretary of State.

PROCLAMATION.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

It is of supreme importance that New Jersey's civil army be completely mobilized and prepared for the next great war fund drive in support of the American Red Cross.

THEREFORE, I, WALTER E. EDGE, Governor of the State of New Jersey, do issue this, my proclamation, designating the period between May twentieth and May twenty-seventh, already set aside by the President of the United States for Nation-wide observance, as

RED CROSS WEEK.

New Jersey recognizes that it is a privilege and a duty to raise not merely our allotted quota, but more than our quota, in this country-wide campaign in support of the Red Cross at home and abroad. No other arm of the government at war is more trusty or essential. None is closer to our hearts than this mighty instrumentality of kindly mercy which mollifies the horrors of war by succoring the wounded and ministering to the personal comfort of heroic American manhood on the battle lines of Europe. Surely, it requires no appeal to match their sterling patriotism with every possible evidence of our devotion and our gratitude, no matter what the personal sacrifice. New Jersey will respond eagerly. New Jersey will respond in the spirit that no degree of generosity can adequately express her depth of appreciation for the valorous services of democracy's saviours.

This is the method by which our army at home can prove its loyalty to our Country and Flag and its appreciation of the real sacrifices the flower of our country is making to the cause of humanity.

PROCLAMATIONS.

Given under my hand and the Great Seal of the State of New Jersey, this eleventh day of May, A. D. one thousand nine hundred and eighteen, and in the Independence of the United States, the one hundred and forty-second.

WALTER E. EDGE,
Governor.

By the Governor:

THOMAS F. MARTIN,
Secretary of State.

PROCLAMATION.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

In the midst of many splendid and inspiring celebrations to show New Jersey's appreciation of the magnificent response of our citizens to the call for the National Army, principally mobilized at Camp Dix, in our own State, and in the midst of many other war responsibilities and activities, such as the Liberty Loan, Red Cross, and all other meritorious and necessary demands upon our energy and resources, it appeals to me that perhaps not enough consideration, collectively speaking, has been given to the fact that approximately twelve thousand Jersey men are away down in the South land, at Camp McClellan, Anniston, Alabama, and who, it is naturally assumed in due course will be transported abroad. These men represent the first army raised in New Jersey—the old National Guard—with accretions from every corner of the State. They have already been in continuous service ten months, and, because of their distant encampment, have had comparatively little opportunity to see their friends and families at home.

I desire to call upon the people of New Jersey to respond to a State-wide drive to raise for the use of

these boys in their expected foreign service a post fund of at least twenty-five thousand dollars, to be in the same secure custody as regular company funds and to be proportioned among all the units of the Division according to the number of Jerseymen connected therewith.

Organizations at Anniston, formerly New Jersey units, now consist of fifty-nine companies made up as follows: 113th Infantry, 114th Infantry, 11th Machine Gun Battalion, 104th Engineers, 112th Field Artillery, 111th Field Artillery, 104th Trench Mortar Battery, 104th Field Signal Battalion, 114th Field Hospital, 104th Military Police, Headquarters Troop and Brigade Headquarters. Of the above, thirty-six are within the Brigade of General Charles W. Barber, the ranking New Jersey officer.

I have taken the matter up with Major General Morton, in command of the division, who expressed his heartiest approval and assures me that such a fund will be greatly appreciated by the boys and help them in many, many ways.

The company funds, which the boys had to some extent on departure, are naturally by this time badly depleted, so that the wisdom of this practical type of recognition must be apparent. From the fund it is my purpose likewise to have purchased the necessary colors for every Jersey outfit. It is my judgment that this drive should be of short duration, snappy, and I am sure the response will be commensurate with the patriotism of New Jersey.

THEREFORE, I, WALTER E. EDGE, Governor of the State of New Jersey, do issue this, my proclamation, setting aside the period from May 13th to May 18th, both inclusive, as the time for the drive, and appoint the Mayors or other executive officers of all municipalities of over ten thousand, as a committee to work with me in properly organizing the campaign. Upon the completion of the drive, I propose to personally visit Camp McClellan, with a committee consisting of the Mayors of these same cities, or representatives delegated by such mayors, so that the money and colors can be officially turned over to the proper authorities.

Many of the boys in the division are from rural sections of New Jersey, and in naming the Committee of Mayors, I do not want to in any way confine the contributions to cities. Contributions will be received by any of the Mayors whose names appear below, or can be sent direct to the Executive Office, State House, Trenton, for which due acknowledgment will be made.

I hereby appoint the following committee:

PROCLAMATION.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

WHEREAS, Friday, May 24th, is the third anniversary
of the entrance of Italy into the war ; and

WHEREAS, The Federal government, through the
President of the United States, has requested that the
Italian flag be displayed on all public buildings of the
United States at Washington and elsewhere, and it is
most desirable that this custom, denoting grateful appre-
ciation of the brotherhood between the two countries in
the common cause, be carried out elsewhere ;

THEREFORE, I, WALTER E. EDGE, Governor of the
State of New Jersey, do hereby proclaim Friday, May
24th, as

ITALY DAY,

and respectfully urge that the Italian flag be displayed
from all of the public buildings of the State of New
Jersey and of its various municipalities, and also from
private buildings wherever practicable.

Many Italians who have lived as our neighbors in the United States are now fighting the battles of the Allies with the Italian forces abroad. In our own American army there are many natives of Italy who have become citizens of the United States. These facts indicate the fraternizing of the leading nations of the world which the great war has brought about, and furnishes further inspiration for a general observance in America of the day marking the entrance of Italy into the war.

PROCLAMATION.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

Both on the ground of patriotic co-operation with the government and from reasons of personal comfort it is essential that consumers of fuel profit by the experiences of the last winter. In the opinion of the Federal Fuel Administration the filling of a great number of fuel orders as early as possible will show an insistent demand that cannot help but assist in speeding up production and hastening deliveries.

THEREFORE, I, WALTER E. EDGE, Governor of the State of New Jersey, do hereby proclaim the week of June 3d to June 8th as

COAL WEEK IN NEW JERSEY.

It is urged that consumers throughout the State make a special effort during this week to take advantage of the opportunities presented for collecting the winter's coal supply, or as great a portion of it as possible. The co-operation of public speakers and all women's clubs and various other organizations is suggested.

[GREAT SEAL.] Given under my hand and the Great Seal of the State of New Jersey, this thirty-first day of May, A. D. one thousand nine hundred and eighteen, and in the Independence of the United States the one hundred and forty-second.

WHEREAS, June 14th will be the one hundred and forty-first birthday of our Flag; and

WHEREAS, This milestone of Democracy and Freedom has unusual significance inasmuch as for the first time on its birthday the Star and Stripes will fly in battle in foreign lands, side by side with foreign flags allied with us in the great cause of preserving Democracy and justifying civilization.

NOW THEREFORE, I, WALTER E. EDGE, Governor of the State of New Jersey, do hereby issue this, my proclamation, declaring June 14th, nineteen hundred and eighteen, as

PROCLAMATIONS.

FLAG DAY,

and urge that Old Glory be flown from housetops and public buildings throughout our commonwealth as an indication of the ardor and spirit of the American people in their great purpose.

Adequate celebration should mark this most momentous Flag Day since the Continental Congress adopted the Stars and Stripes. At all assemblies of people, in schools, in clubs, in theatres and in homes and elsewhere throughout the State on this day, the singing of the "Star-Spangled Banner" is especially desirable and appropriate. May we, as a unit, honor the Flag which is emblematic of the world's greatest nation in the world's greatest and noblest task.

PROCLAMATION.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

WHEREAS, Evidence accumulates that rent profiteering exists in New Jersey. From various parts of the State complaints come from tenants who claim that rents have been exorbitant. No protest is made against reasonable increases justified by circumstances, but there exists ample provocation for indignation amongst lessees where rents have been raised as much as 50% or 100% to meet increases of 4 or 5% in taxes, and in those cases landlords have given the excuse of increasing because of cost of repairs, when no repairs of any description have been made;

WHEREAS, In normal times this is a problem which might properly be left to the civil courts, and undoubtedly would be solved evidently on the basis of supply and demand. But these are not normal times. The country is engaged in war, and the population of certain sections of our State, particularly where the war industries flourish, has increased suddenly and out of proportion to available housing accommodations. Overcrowding and a demand for accommodations out of all proportion to the supply and demand does not justify profiteering on the part of the landlords. Where profiteering is practiced the result has been an undermining of our war spirit at home and a weakening of the morale of the American people;

AND WHEREAS, It is such a situation calling for assistance on the part of New Jersey to the Federal Government in the war, as is contemplated by Chapter 126 of the Laws of 1917, which authorizes the Governor of this State to render assistance of the Federal Government in the present crisis, and to that end to organize and employ any and all resources within the State, whether of men, properties or instrumentalities, and to exercise any and all power convenient or necessary in his judgment to render such assistance;

NOW THEREFORE, I, WALTER E. EDGE, Governor of the State of New Jersey, do hereby issue this my proclamation, warning landlords who are guilty of rent profiteering to desist from the practice lest they make necessary extraordinary measures which would unavoidably impose a hardship upon the innocent as well as the guilty. In the matters of food and fuel, the Federal Government has found it necessary to create the offices of administrators and to prescribe certain regulations necessary to secure equitable distribution and conservation of the food and fuel supply, and at the same time prevent unlawful manipulation of these necessities by unscrupulous persons taking advantage of the war crisis.

It may be that such treatment of the housing questions will be necessary if the war time imposition upon war tenants is persisted in. New Jersey will not hesitate to take the initiative, and also to call upon the powers

of the Federal Government for assistance, if the conditions warrant.

[GREAT
SEAL.] Given under my hand and the Great Seal of the State of New Jersey, this twenty-third day of September, A. D. one thousand nine hundred and eighteen, and in the Independence of the United States the one hundred and forty-third.

By the Governor:

THOMAS F. MARTIN,
Secretary of State.

PROCLAMATION.

STATE OF NEW JERSEY, EXECUTIVE DEPARTMENT.

WHEREAS, The nation's fire loss of approximately \$250,000,000 is nearly equivalent to the interest upon \$6,000,000,000 worth of liberty bonds, thus impairing America's financial resources at a time when war conditions call for the utmost retrenchment and thrift; and

WHEREAS, Fire causes enormous direct destruction of grain and other foodstuffs in storage, as well as cotton, lumber and a large variety of other war supplies, including war munitions, and cripples protective industry engaged upon war orders to a greater extent than is generally realized, thereby causing a vast impairment in America's fighting efficiency; and

WHEREAS, A concerted effort has heretofore been made in New Jersey and many other States to reduce the great amount of suffering occasioned annually by the death and injury of persons caused by preventable fires;

NOW, THEREFORE, I, WALTER E. EDGE, Governor of the State of New Jersey, believing that the citizens of

this State should join in such movement, do hereby proclaim and request that Saturday, the second day of November, 1918, be known and observed as

FIRE PREVENTION DAY

throughout our State.

I suggest and request that each citizen lend his aid toward preventing fires and conflagrations by removing any danger found to exist upon his own property; that rubbish, trash and unnecessary accumulation of inflammable and combustible material be destroyed; that heating and lighting appliances be carefully inspected and repaired where found necessary; that factories, public buildings and institutions be carefully inspected for fire risks; that special attention of the governing bodies of our municipalities be given to hydrants, water pressure, fire-fighting apparatus and appliances, and that wise and precautionary measures be taken generally to lessen fires.

I further request and suggest that campers, hunters and others who use, for pleasure or profit, the forests of our State, whether contained in the State Reserve or in private property, carefully refrain from making fires where underbrush, dry leaves and decayed vegetation abound, and from leaving smouldering embers of fires or carelessly throwing away lighted cigars, cigarettes and matches in such places, inasmuch as these practices have in recent years resulted in forest fires, causing thousands of dollars of almost irreparable loss.

[GREAT SEAL.] Given under my hand and the Great Seal of the State of New Jersey, this twenty-sixth day of October, A. D. one thousand nine hundred and eighteen, and in the Independence of the United States the one hundred and forty-third.

PROCLAMATION.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

Gratitude animates as never before the heart of America. Right has triumphed over might. Truth prevails. Justice lives. Civilization that stakes everything on its abiding faith in Almighty God is fortified in its trust, strengthened in its resolution. The heavy load that weighed upon the heart of mankind has been lifted. Mortal blow has been dealt to the remnants of autocracy—those backward-looking, greed-consuming dynasties that represented in modern times the blood-thirsty antagonism of old to simple teachings of the Prince of Peace. Empires of people have been delivered from their military masters. Hostilities have ceased sooner than most of us anticipated. The “boys” we love will soon be home. The price which we have gladly paid to the end that democracy shall not perish from the Earth is known; sacrifice is measured; and we all agree that the achievement is well worth the struggle.

In these happy circumstances a blessed people have unexampled impetus, extraordinary inspiration for an earnest and devout observance of

THANKSGIVING DAY
(November 28, 1918).

In the home, in the church, in the school, in community gatherings of all descriptions, the people of New Jersey will require no solicitation other than the spontaneous outbursting of their own overflowing hearts to give prayerful thanks to Divine Providence for the glorious peace which is ours; for the dogged perseverance of our brave Allies; for the noble sacrifice of our sons and the patient fortitude of their loved ones; for the valor and courage of our Commanders in the field; for the clear vision and wise guidance of our Commander-in-Chief at home; and for the God-given prosperity of America that enabled us to provide food, comfort and means for ourselves and our sorely-tried Allies

throughout the dark days of Democracy's life struggle. Along with their expression of deep gratitude will go a prayer that the Nation and her international comrades in the common cause may have the benefit of Divine counsel and inspiration in the many serious problems of reconstruction, foremost among them the welding of victory into permanent peace. Old precedents have been shattered by the experience of sadness, and we are determined to rebuild with a re-awakened conscience that all mankind may enjoy the fruits of their own sacrifices.

Let us join together, one State, one people, in humble acknowledgment, in fervent supplication before His Altar of Justice Eternal and Peace Everlasting.

Given under my hand and the Great Seal of the State of New Jersey, this nineteenth day of November, one thousand nine hundred and eighteen, and in the Independence of the United States the one hundred and forty-third.

WALTER E. EDGE,
Governor.

By the Governor:

THOMAS F. MARTIN,
Secretary of State.

PROCLAMATION.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

The plan of our school children assisted by State, county and municipal officials, and religious, agricultural and commercial business interests, to erect an assembly hall on the State Capitol grounds at Trenton as a memorial to the State's fallen heroes in the world war is an undertaking which meets all the requirements of patriotism, practicability and utilization.

A proper assembling place at the State Capitol represents an urgent need. The assembly hall projected will be so designed that each of the twenty-one counties of New Jersey will have within its confines individual space

for county war exhibits and the county honor roll, so that the building itself will be characteristic of each and all sections of the State.

It has been proposed as a part of the drive for necessary funds that the churches of our State be requested to take up a special collection, and the pulpit throughout New Jersey, regardless of denominational lines, has been requested by letter to co-operate, sending contributions so collected to the State Treasurer, Trenton, New Jersey.

It is eminently fit and proper that the State should rise on the tips of its toes and very promptly make a complete success of this State-wide memorial proposition which is so simple in its conception and yet which meets the needs and patriotic idealism of all corners of the commonwealth.

THEREFORE, I, WALTER E. EDGE, Governor of the State of New Jersey, do issue this, my proclamation, setting aside Sunday, February sixteenth next, as New Jersey State Memorial Sunday.

It is respectfully suggested that clergymen and worshippers throughout the State heartily co-operate in this undertaking which expresses in small measure the depth of the commonwealth's appreciation of its citizens who gave up their lives in the war against the Imperial German Government and its allies that the cause for which the United States fought might triumph. They dedicated to this lofty cause their most precious possessions, ungrudgingly and voluntarily; the very least we can do as a State is to construct something tangible which will represent and symbolize humanity's debt to these patriots.

[GREAT SEAL.] Given under my hand and the Great Seal of the State of New Jersey, this fifth day of February, A. D. one thousand nine hundred and nineteen, and in the Independence of the United States the one hundred and forty-third.

 [GREAT day of February, A. D. one thousand nine

 ence of the United States the one hundred and

WALTER E. EDGE.

Governor.

By the Governor:

THOMAS F. MARTIN,

Secretary of State.

Endorsed:

"Filed Feb. 19, 1919,

THOMAS F. MARTIN,

Secretary of State."

PROCLAMATIONS.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

In order that the farmer may be encouraged in the production of the largest possible crops, it is necessary that steps be taken to facilitate transportation of farm products and farm necessities. One way is to increase freight car capacity available for farmers. This may be brought about by a State-wide stimulation of that sort of home garden devoted to the production of bulky perishable garden products.

Two years ago in New Jersey PLANTING WEEK marked the beginning of a movement that both directed attention to the imperative economic problems brought about by the war and formed a new outlet for the expression of genuine patriotism. It broadened agricultural knowledge. It beckoned to the better health of thousands of householders. It formed such a satisfactory foundation for the economic structure representing simpler modes of living that it is in the best interest of the people and State that the garden propaganda be renewed this year on a much larger scale.

THEREFORE, I, WALTER E. EDGE, Governor of the State of New Jersey, do issue this, my proclamation, designating the period beginning Wednesday, April sixteenth next, and ending Wednesday, April twenty-third next, as

VICTORY PLANTING WEEK

in New Jersey. I call upon State, county and municipal officers throughout the State to aid in furthering the aims and objects of this proclamation. I trust that the experiences of the last two years may be used as a basis for greatly extending the scope and increasing the benefits of the home garden. Idle lands subject to cultivation should be offered and accepted through local officials. Backyards that have been a detriment as unsanitary dumping grounds or dangerous sources of conflagration should be converted into forces of economic value by means of the hoe and spade. It is not be-

lieved that people unused to production should try to produce garden products for market, as there will be a sufficient supply from nearby truck farms to take care of those who cannot produce enough at home, but a patriotic desire to have more farming land devoted to staple crops should spur the men, women and children of New Jersey to provide their own tables this year as far as possible.

May every empty lot or back yard be a patch of American Victory patriotism.

Given under my hand and the Great Seal
of the State of New Jersey, this fourteenth
[GREAT day of April, A. D. one thousand nine hun-
SEAL.] dred and nineteen, and in the Independence
of the United States the one hundred and
forty-third.

WALTER E. EDGE,
Governor.

By the Governor:

THOMAS F. MARTIN,
Secretary of State.
